Goldilocks And The Three Bars Beyond Available Resources:

The Fight to Save the Town Michelle Wilde Anderson, 2023-06-20 Decades of cuts to local government amidst rising concentrations of poverty have wreaked havoc on communities left behind by the modern economy Forty years after the anti tax revolution began protecting wealthy taxpayers and their cities our high poverty cities and counties have run out of services to cut properties to sell bills to defer and risky loans to take Some of these discarded places are rural Others are big cities small cities or historic suburbs Some vote blue others red Some are the most diverse communities in America while others are nearly all white all Latino or all Black All are routinely trashed by outsiders for their poverty and their politics Mostly their governments are just broke In *The Fight to Save the Town* urban law expert and author Michelle Wilde Anderson offers unsparing humanistic portraits of the hardships left behind in four such places But this book is not a eulogy or a lament Instead Anderson travels to four blue collar communities that are poor broke and progressing Networks of leaders and residents in these places are facing down some of the hardest challenges in American poverty today In Stockton California locals are finding ways beyond the police department to reduce gun violence and treat the trauma it leaves behind In Josephine County Oregon community leaders have enacted new taxes to support basic services in a rural area with fiercely anti government politics In Lawrence Massachusetts leaders are figuring out how to improve job security and wages in an era of backbreaking poverty for the working class And a social movement in Detroit Michigan is pioneering ways to stabilize low income housing after a wave of foreclosures and housing loss Our smallest governments shape people s safety comfort and life chances For decades these governments have no longer just reflected inequality they have helped drive it But it doesn t have to be that way Anderson argues that a new generation of local leaders is figuring out how to turn poverty traps back into gateway cities Dust jacket
