It is a digital media streaming device developed by Google that lets you enjoy your favorite YouTube videos and other media from your phone, computer, or tablet onto your TV. It serves as a channel to show internet content you want to see on a bigger screen like your high definition TV. With an inexpensive price of \$35, people might think that Chromecast does not offer as much but it actually does. It is much more powerful than any Smart TV HDMI dongle available in the market because it is supported by Google and its subsidiaries.

This book assists novice and experienced teachers in each of these fields to develop a teaching framework that incorporates simulation. The *Manual of Simulation in Healthcare* Second Edition is fully revised and updated. New material includes a greater emphasis on patient safety, interprofessional education, and a more descriptive illustration of simulation in the areas of education, acute care medicine, and aviation.
