The Unlearning of School Attendance: Ideas for Change Carolyn Gentle-Genitty, Arya Ansari, Ineke Marshall, Michael Gottfried, 2024-04-10 This Research Topic on Unlearning Attendance champions a serious look at school attendance and absenteeism. It examines all forms of school attendance problems ranging from school refusal, truancy, school withdrawal to school avoidance and its correlates of criminal, socio-emotional, developmental, psychological, academic, fiscal, technological, and societal impact. The issue gives a synopsis on the known problems and challenges but also those exacerbated by the pandemic and ideas for improvement.

Police Integrity in South Africa Sanja Kutnjak Ivkovich, Adri Sauermaier, 2020-04-29 Policing in South Africa has gained notoriety through its extensive history of oppressive law enforcement. In 1994, as the country's apartheid system was replaced with a democratic order, the new government faced the significant challenge of transforming the South African police force into a democratic police agency: the South African Police Service (SAPS) that would provide unbiased policing to all the country's people. More than two decades since the initiation of the reforms, it appears that the SAPS has rapidly developed a reputation as a police agency beset by challenges to its integrity. This book offers a unique perspective by providing in-depth analyses of police integrity in South Africa. It is a case study that systematically and empirically explores the contours of police integrity in a young democracy. Using the organizational theory of police integrity, the book analyzes the complex set of historical, legal, political, social, and economic

circumstances shaping police integrity A discussion of the theoretical framework is accompanied by the results of a nationwide survey of nearly 900 SAPS officers probing their familiarity with official rules their expectations of discipline within the SAPS and their willingness to report misconduct The book also examines the influence of the respondents race gender and supervisory status on police integrity Written in a clear and direct style this book will appeal to students and scholars of criminology policing sociology political science as well as to police administrators interested in expanding their knowledge about police integrity and enhancing it in their organizations HCA Comics Dallas Signature Auction Catalog #823 Ivy Press,2006-12 *The Southern Lumberman* ,1911 *Prognosis of Neurological Diseases* Angelo Sghirlanzoni,Giuseppe Lauria,Luisa Chiapparini,2015-11-19 This book offers clear detailed guidance on all aspects of prognostic evaluation in patients who have been involved in a serious accident with neurological consequences or have been diagnosed with a severe neurological illness It covers the full range of disorders of the central and the peripheral nervous system not only providing very accurate prognostic estimates but also addressing relevant clinical issues differential diagnosis and the role of imaging The book is practically oriented and designed for use on a daily basis when assessing prognosis and discussing the outcome with patients their families and other interested parties It will support patient doctor partnerships by ensuring that the most professional answers can be given to patients and doctors questions and by promoting realistic expectations of the effect of medical interventions In addition it will enable doctors lawyers and other professionals to understand relevant issues when an estimate of prognosis and life expectancy is the subject of legal dispute
