The Immortality Key Brian C.

Muraresku, 2020-09-29 THE NEW YORK TIMES BESTSELLER As seen on The Joe Rogan Experience A groundbreaking dive into the role psychedelics have played in the origins of Western civilization and the real life quest for the Holy Grail that could shake the Church to its foundations The most influential religious historian of the 20th century Huston Smith once referred to it as the best kept secret in history Did the Ancient Greeks use drugs to find God And did the earliest Christians inherit the same secret tradition A profound knowledge of visionary plants herbs and fungi passed from one generation to the next ever since the Stone Age There is zero archaeological evidence for the original Eucharist the sacred wine said to guarantee life after death for those who drink the blood of Jesus The Holy Grail and its miraculous contents have never been found In the absence of any hard data whatever happened at the Last Supper remains an article of faith for today's 2.5 billion Christians In an unprecedented search for answers The Immortality Key examines the archaic roots of the ritual that is performed every Sunday for nearly one third of the planet Religion and science converge to paint a radical picture of Christianity's founding event And after centuries of debate to solve history's greatest puzzle Before the birth of Jesus the Ancient Greeks found salvation in their own sacraments Sacred beverages were routinely consumed as part of the so called Ancient Mysteries elaborate rites that led initiates to the brink of death The best and brightest from Athens and Rome flocked to the spiritual capital of Eleusis where a holy beer unleashed heavenly visions for two thousand years Others drank the holy wine of Dionysus to become one with the god In the 1970s renegade scholars claimed this beer and wine the original sacraments of Western civilization were spiked with mind altering drugs In recent years vindication for the disgraced theory has been quietly mounting in the laboratory The constantly advancing fields of archaeobotany and archaeochemistry have hinted at the enduring use of hallucinogenic drinks in antiquity And with a single dose of psilocybin the psychopharmacologists at Johns Hopkins and NYU are now turning self proclaimed atheists into instant believers But the smoking gun remains elusive If these sacraments survived for thousands of years in our remote prehistory from the Stone Age to the Ancient Greeks did they also survive into the age of Jesus Was the Eucharist of the earliest Christians in fact a psychedelic Eucharist With an unquenchable thirst for evidence Muraresku takes the reader on his twelve year global hunt for proof He tours the ruins of Greece with its government archaeologists He gains access to the hidden collections of the Louvre to show the continuity from pagan to Christian wine He unravels the Ancient Greek of the New Testament with the world's most controversial priest He spelunks into the catacombs under the streets of Rome to decipher the lost symbols of Christianity's oldest monuments He breaches the secret archives of the Vatican to unearth manuscripts never before translated into English And with leads from the archaeological chemists at UPenn and MIT he unveils the first scientific data for the ritual use of psychedelic drugs in classical antiquity The Immortality Key reconstructs the suppressed history of women consecrating a forbidden drugged Eucharist that was later banned by the Church Fathers Women who were then targeted as witches during the Inquisition when Europe's sacred pharmacology largely disappeared If the scientists of today

have resurrected this technology then Christianity is in crisis Unless it returns to its roots Featuring a Foreword by Graham Hancock the NYT bestselling author of America Before

The World History Workbook David Hertz, 2023-02-13 For more than two thousand years the Socratic dialogue has been a hallmark of higher education and the method which defines critical thinking David Hertz's textbook provides a framework of world historical sources narratives and questions through which instructors can gracefully adopt a Socratic method for their General Education classes No textbook in any field applies critical methods more successfully than does this one Now in its third edition the author and editors at Rowman and Littlefield have updated The World History Workbook to include a new chapter on the mixed legacy of globalization and modernization both defined as having descended from humanist principles The third edition also includes several additional primary sources revised numerous projects passages on a diversity of world historical topics including women folktales Swahili as a lingua franca and the personal significance of ancestry The core material of narrative primary sources and projects remains intact from the first and second editions The Workbook follows the argument that humans share a common history albeit with contrasting particular experiences The subject of the course therefore addresses the place students and their instructors hold in human history Students are encouraged to explore historical problems that persist in modern society and project questions suggest grand yet accessible discussion topics including justice gender bureaucracy human rights individuality ancestry faith and reason and other timeless human problems
