Istanbul Byzantine And Ottoman Artefacts:

Sultanahmet, Istanbul's Historic Peninsula Pinar Aykaç, 2022-01-05 This book explores how the museum concept has expanded beyond the boundaries of a single building into the historic city itself through musealization Articulating the musealization of historic cities as a specific urban process the book here presents a study of the transformation of the Sultanahmet district on Istanbul's historic peninsula which has been the major focus of planning conservation and museological studies in Turkey since the 19th century as the public face of the city The author aims to offer empirically grounded and context specific insight into the role of museums in the regeneration of historic cities Musealization as an urban process varies in different geographical cultural and ideological contexts and across different time periods By discussing the Sultanahmet district as a specific context of yet another city subjected to the musealization process this book provides further insights into this important global phenomenon *Flashpoint Hagia Sophia* Brian Croke, 2021-12-30

Istanbul's Hagia Sophia Holy Wisdom or Ayasofya is one of the world's most visited buildings Yet few visitors have any idea of its long and complex story or why it has always been a place where history religion and politics collide In July 2020 Turkish President Erdoğan set off an explosive controversy by announcing that Hagia Sophia would now be modified into a mosque This decision provoked fierce criticism from UNESCO because Hagia Sophia was enjoying World Heritage Site benefits The United States the European Union Russia and Greece all chimed in However Erdoğan's action was wildly popular in Turkey with its 99% Muslim population Why is Hagia Sophia so important to modern Turkey Why this provocative decision and why now How could all the international critics be ignored Why does the world care so much about this old building Why should it continue to care This book explains President Erdoğan's controversial decision in terms of Turkey's national independent and Islamic politics and as a response to the mosque massacre in Christchurch in March 2019 when his life was threatened by the gunman Any consideration of Hagia Sophia's present and future also requires appreciation of the almost 1 500 year old story of this architectural marvel from its inception as a church in 537 to its configuration as a mosque in 2020 and beyond Because all world heritage sites depend on national management Hagia Sophia will remain Turkey's responsibility but the international community is watching to ensure Turkey honours Hagia Sophia's entire heritage from the 6th century to the 21st century **Misfits & Hybrids: Architectural Artifacts for the 21st-Century City** Ferda Kolatan, 2024-06-18

Contemporary cities are shaped by the unlikely adjacencies of objects that are vastly different in kind origin and scale buildings infrastructure and other urban components that over time accumulate into mismatched configurations However despite the ubiquity of these oddities and their impact on the city we rarely give them much consideration In *Misfits Hybrids* Ferda Kolatan explores the untapped potential in these unexpected conditions for a new kind of architecture A diverse array of projects developed in Kolatan's design studios at the University of Pennsylvania Weitzman School of Design illustrates how hybrid artifacts can reveal the often overlooked cultural socio political and material histories of a site fostering design tactics

Munitiz, Dimitar Angelov, 2016-09-17 The work known as Pseudo Kodinos the fourteenth century text which is one of two surviving ceremonial books from the Byzantine empire is presented here for the first time in English translation With facing page Greek text and the first in depth analysis in the form of commentary and individual studies on the hierarchy the ceremonies court attire the Blachernai palace lighting music gestures and postures this volume makes an important new contribution to the study of the Byzantine court and to the history and culture of Byzantium more broadly The unique traits of this ceremony book include the combination of hierarchical lists of court officials with protocols of ceremonies a detailed description of the clothing used at court in particular hats and staffs an account of the functions of the court title holders a description of the ceremonies of the year which take place both inside the palace and outside the service of the megas domestikos in the army protocols for the coronation of the emperor the promotions of despot sebastokrator and caesar of the patriarch a description of the mourning attire of the emperor protocol for the reception of a foreign bride in Constantinople all these are analysed here Developments in ceremonial since the tenth century Book of Ceremonies are discussed as is the space in which ceremonial was performed along with a new interpretation of the other palace the Blachernai The text reveals the anonymous authors interest in the past in the origins of practices and items of clothing but it is argued that Pseudo Kodinos presents descriptions of actual practice at the Byzantine court rather than prescriptions *Reclaiming Byzantium* Pinar Üre, 2020-02-20 There is a long held feeling in Russia that Moscow is the true heir to the Christian Byzantine Empire In 1894 Imperial Russia opened one of the world's leading centres for Byzantine archaeology in Istanbul the Russian Archaeological Institute its purpose was to stake the claim that Russia was the correct heir to Tsargrad as Istanbul was referred to in Russian circles This then is the history of that institute and the history of Russia's efforts to reclaim its Middle East events since in the Crimea Syria and Georgia are all to some extent wrapped up in this historical framework Üre looks at the founding of the Russian Archaeological Institute its aims and its place in the digging race which characterised the late Imperial phase of modern history Above all she shows how the practise of history has been used as a political tool a form of soft power
