An Intersectional Guide for Male Survivors of Sexual Abuse and Their Allies Jeremy Sachs, 2025-07-15 Few experiences carry more shame stigma and misunderstanding than the life altering trauma of sexual abuse Men who experience sexual abuse and rape often find themselves marginalised and isolated yet there are few resources available for them or those who support them This book examines the impact of sexual abuse on different men through an intersectional lens exploring how their unique identities circumstances and society's views affect their recovery or compound their trauma Each chapter addresses a

topic chosen by hundreds of male survivors who have attended the author's recovery groups. It includes survivor testimonies, signposts to resources and reflective activities to help manage the aftermath of sexual trauma. With statutory services such as the criminal justice system often failing male survivors, the book draws on Transformative Justice principles to suggest alternative ways for men to break cycles of trauma and move forward with their lives. Aimed at male survivors and those who support them, counsellors, psychotherapists, social workers, family members and loved ones, this book offers guidance and hope for navigating a path to healing.

Everyday Youth Cultures in the Gulf Peninsula Emanuela Buscemi, Ildiko Kaposi, 2020-11-29. Focusing on the struggles of youth in the Arabian Gulf to find their place in their encounters with modernity, *Everyday Youth Cultures in the Gulf Peninsula* explores how global forces are reshaping everyday cultural experiences in authoritarian societies. A deeper understanding of Gulf youth emerges from reading about the everyday lives and struggles, opportunities and contributions of youth who, in the process of developing their personal identities, are also incrementally transforming their societies and cultures. Based on ethnographic fieldwork in Kuwait, Oman, Saudi Arabia, the UAE and Qatar, the chapters bring fresh insight into Gulf youth microcultures from the ground and invite dialogue by engaging young local and foreign academics in the discussion. In light of the general difficulties of accessing Gulf societies, the book's nuanced, richly detailed depictions of everyday life can be of interest to academic research in Middle East studies, youth sociology, political science and anthropology, as well as to business and governmental decision making.

Takes as major examples the speeches and writings of Adolf Hitler, Winston Churchill and Harry Truman to show how proverbs can be brought into the service of most any ideology. Also traces the use of proverbs and their cartoon analogues during the five decades of Cold War propaganda and proverbial slurs against Native Americans and Asian Americans.
