The Thoughts of a Rambling Heart Gregg Battaglia, 2007-03 paperback Over the past nine years I have been writing about my own perception of the world My world being the love I have had the love I received and the tragedies of it all The only way that I know how to satisfy the demons in my head is to let them out on paper As I grow older I have learned the things we take for granted and the value of true love The emotions we share with another are more than a random encounter and true feelings should only be reserved for the few people who deserve it This book although has taken nine years to write it is only about four people who have impacted my life so greatly I hope they know how much they meant to me and the footprints they left in my heart I find these to be the very things we all seem to be too afraid to share with others thinking that we will just get hurt With that said I am guilty of this myself as the four people this book was written about have never read any of this I hope you enjoy the book and maybe learn from my mistakes
