

Application for Undergraduate Admission

You are strongly encouraged to use this application on the web at <http://apply.maine.edu>. You may use this form as a supplement for the web application, or you may submit this paper application to the University of Maine System Application Processing Center.

OFFICE USE
ONLY
Application Fee

I plan to attend by September 30, January 30, I will attend ☐ full-time ☐ part-time

Print name in full _____ **Last Name** _____ **First Name** _____ **Middle Name** _____

Preferred first name _____ **Gender** ☐ female ☐ male

Social Security Number* _____ **Name used on previous records:** _____

* You must accurately number (SSN) in order to verify your identity for admission, transfers, and campus employment purposes. If you do not have a SSN, you must provide your SSN to the University of Maine System Application Processing Center. If not provided on other admission applications, you will be required to provide it at a later date.

Current mailing address _____ **Street** _____ **City** _____ **State/Province** _____ **Zip/Postal Code** _____ **Country** _____

E-mail Address _____ **City/State/Prov. of legal residence** _____

Home phone () _____ **Cell phone ()** _____ **Preferred phone ()** _____

Are you a legal resident* of Maine? ☐ Yes ☐ No **If yes, date you became a legal resident** _____

*Based in Maine for 12 consecutive months, for purposes other than education. Proof may be required.

Permanent mailing address _____ **Street** _____ **City** _____ **State/Province** _____ **Zip/Postal Code** _____ **Country** _____

Date of Birth (month/day/year) _____ **Country of Birth** _____ **Are you a U.S. Citizen?** ☐ Yes ☐ No

Country of Citizenship _____

If you are a U.S. Permanent Resident, indicate date registration number on your Permanent Resident Card. PR _____

preferred Language spoken at home _____ **Are you of Puerto-Rican or heritage?** ☐ Yes ☐ No

Indicate Please indicate if you are one of the following: ☐ American Indian or Alaska Native ☐ Asian or Pacific Islander ☐ Black, non-Hispanic ☐ Hispanic ☐ Native ☐ Other _____

Check the University(ies) to which you are applying. Enclose \$40 fee (EA/EE campus checked).

Intended Major

	1st Choice Major	2nd Choice Major		
<input type="checkbox"/> University of Maine (Orono)	_____	_____	<input type="checkbox"/> Residence Hall	<input type="checkbox"/> Off-Campus

Make check payable to University of Maine System.

I have previously applied to _____ as a degree candidate. **Yes** ☐ **No** ☐ **Previous applications**

Intended degree: Major 1: ☐ Bachelor's Degree ☐ Associate Degree **Major 2:** ☐ Bachelor's Degree ☐ Associate Degree ☐ Certificate

If applying to a university offering Graduate, Elementary, Secondary, or Special Education, Fine Arts, International Affairs, or Music, indicate the specific course of study or option within your intended major _____

Pre-professional options: If applying to a university offering any of the following pre-professional programs, please indicate your interest:

☐ Pre-Dental ☐ Pre-Law ☐ Pre-Medicine ☐ Pre-Optometry ☐ Pre-Pharmacy ☐ Pre-Veterinary ☐ TEAMS

Pre-professional advising options are gpd majors; please indicate an intended university major above.

Fort Hare Application Form 2016

Bank, Leslie, Cloete, Nico

Fort Hare Application Form 2016:

"ECEG2016-Proceedings of 16th European Conference on e-Government ECEG 2016 " Mitja De Man,Tina Juki,2016-06-02 *Corrupted* Jonathan D Jansen,2023-02 Through investigatory reports and interviews Jonathan Jansen reveals the structural conditions for chronic dysfunction in a sample of South African universities He reveals the political economy at work and the intense competition for resources on campuses He also provides interventions for these fragile institutions **Handbook of Open Universities Around the World** Sanjaya Mishra,Santosh Panda,2025-06-27 The Handbook of Open Universities Around the World is the first collection to provide a comprehensive and critical overview of open universities internationally Over 80 open universities have been established across five continents to provide a distance orientated class inclusive and high quality education for learners left behind by existing formal systems for higher and continuing education and lifelong learning This mission has been continually reshaped by major developments in open education learning technologies and online social networking as well as by the evolution of specific concerns such as the massification of education employability financial trends artificial intelligence and development agendas on the regional national and global levels This landmark volume analyzes and reflects on the planning organization management pedagogic skilling and employability and accreditation dimensions of 47 open universities in relation to their national and institutional contexts the internationalization of education and the integration of advanced learning technologies Featuring contributions by internationally recognized scholars practitioners and educational administrators this authoritative resource provides insights into the business model finances operations instructional systems enrollment patterns learner supports quality assurance professional development and more of today s open universities Through historical trajectories institutional profiles case studies lessons learned and best practices this book provides rich analytical perspectives on the status and challenges of single mode distance learning universities as an educational phenomenon while unpacking the premise of openness itself This Handbook is primarily written for planners managers administrators instructional designers and teaching faculty at single mode distance teaching universities who are seeking to sustain their institutions in a period of rapid change government policymakers training organizations technology providers and education think tanks who are in need of authentic and research based information on technology enabled learning modeled by open universities around the world and graduate students teaching faculty and scholars who are affiliated with online and distance education learning design and technology higher education planning and management adult education and lifelong learning and education policy and future studies Chapter 54 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license Watch a stimulating discussion between the book s volume editors and Sir John Daniel and Professor Stephen Murgatroyd on YouTube *Food Security and Nutrition* Callistus Bvenura,Learnmore Kambizi,2024-12-24 Food Security and Nutrition Utilizing

Undervalued Food Plants explores the potential of underutilized and indigenous food plants to enhance food and nutrition security amid global challenges such as climate change water scarcity and population growth It emphasizes the importance of dietary diversification to reduce dependency on major staple crops highlighting the nutritional and health benefits of lesser known crops such as fonio pigeonpea finger millet and a wide array of wild vegetables and mushrooms The book reviews innovative farming techniques like the organic medium enclosed trough system and hydroponics which improve crop yield and nutrient content while conserving resources Additionally it addresses the commercialization potential of indigenous fruits and wild herbal teas emphasizing their market value and health benefits The book also discusses the reduction of goitrogenic compounds in certain crops to mitigate health risks By examining the unique nutritional profiles and local adaptability of these crops the book advocates for their broader use to build a more resilient and sustainable food system Through a combination of scientific research practical farming methods and market strategies the book aims to promote food diversity improve health outcomes and support sustainable agricultural practices Key Features Highlights the critical role of dietary diversification in reducing dependency on major staple crops advocating for the inclusion of lesser known nutrient rich plants to improve overall health and nutrition Introduces cutting edge farming methods such as the organic medium enclosed trough system and hydroponics Explores the market value and health benefits of indigenous fruits and wild herbal teas offering strategies for their commercialization to boost local economies and food security Addresses the reduction of harmful compounds and provides practical solutions to mitigate associated health risks and enhance the safety of food consumption

Insights in Life-course Epidemiology and Social Inequalities: 2021 Cyrille Delpierre,Hilde

Langseth,2022-09-05 Engineering Design and Mathematical Modelling Nnamdi Nwulu,Mammo Muchie,2020-12-17

Engineering Design and Mathematical Modelling Concepts and Applications consists of chapters that span the Engineering design and mathematical modelling domains Engineering design and mathematical modelling are key tools techniques in the Science Technology and Innovation spheres Whilst engineering design is concerned with the creation of functional innovative products and processes mathematical modelling seeks to utilize mathematical principles and concepts to describe and control real world phenomena Both of these can be useful tools for spurring and hastening progress in developing countries They are also areas where Africa needs to skill up in order to build a technological base The chapters in this book cover the relevant research trends in the fields of both engineering design and mathematical modelling This book was originally published as a special issue of the African Journal of Science Technology Innovation and Development Impact of Immigration and Xenophobia on Development in Africa Mafukata, Mavhungu Abel,2020-12-25 Human movement has an influence on the socio economic dynamics of people regions and countries The schisms between host and immigrants impact how host countries utilize immigrant skills and expertise to benefit their economies However immigrants are impacted by negative diplomatic relations between countries that limit the free movement of people and the welfare of immigrants In

association this brings about social challenges such as Afrophobia racism xenophobia hatred and violence within these countries While these challenges are deeply rooted across the world Africa has its own unique challenges Still struggling with massive underdevelopment Africa needs to remove all the negative factors that could impede its quest of achieving development imperatives Impact of Immigration and Xenophobia on Development in Africa analyzes the genesis and evolution of immigration in Africa and how this has resulted in social challenges such as xenophobia within the continent The book focuses on demonstrating how immigrant skills and expertise can be positively utilized to assist African development and asserts the existence of xenophobia in respective countries does not assist Africa s quest of resolving its own challenges The chapters within this book therefore explore how this subsequent output of xenophobia has impacted African development and focuses on the revival of Pan Africanism as a uniting instrument and ideology for Africans This book is a valuable reference tool for activists retired and practicing politicians governments policymakers practitioners stakeholders researchers students and academicians

Rebels and Rage Adam Habib,2019-03-01 Adam Habib the most prominent and outspoken university official through the recent student protests takes a characteristically frank view of the past three years on South Africa s campuses in this new book Habib charts the progress of the student protests that erupted on Wits University campus in late 2015 and raged for the better part of three years drawing on his own intimate involvement and negotiation with the students and also records university management and government responses to the events He critically examines the student movement and individual student leaders who emerged under the banners feesmustfall and Rhodesmustfall and debates how to achieve truly progressive social change in South Africa on our campuses and off This book is both an attempt at a historical account and a thoughtful reflection on the issues the protests kicked up from the perspective not only of a high ranking member of university management but also Habib as political scientist with a background as an activist during the struggle against apartheid Habib moves between reflecting on the events of the last three years on university campuses and reimagining the future of South African higher education Adam Habib the most prominent and outspoken university official through the recent student protests takes a characteristically frank view of the past three years on South Africa s campuses in this new book Habib charts the progress of the student protests that erupted on Wits University campus in late 2015 and raged for the better part of three years drawing on his own intimate involvement and negotiation with the students and also records university management and government responses to the events He critically examines the student movement and individual student leaders who emerged under the banners feesmustfall and Rhodesmustfall and debates how to achieve truly progressive social change in South Africa on our campuses and off This book is both an attempt at a historical account and a thoughtful reflection on the issues the protests kicked up from the perspective not only of a high ranking member of university management but also Habib as political scientist with a background as an activist during the struggle against apartheid Habib moves between reflecting on the events of the last

three years on university campuses and reimagining the future of South African higher education **Inyathi Ibuzwa Kwabaphambili** Babalwa Magoqwana, Siphokazi Magadla, Athambile Masola, 2024-10-21 This book seeks to create a systematic eclectic historical picture of the present and past women intellectuals activists artists and cultural custodians Using the concept of ukufukama incubate we connect intergenerational knowledge transfer of our elders to the current struggles faced by the younger generation of women We bring together different authors who engage the biographical and intellectual contributions of different African women and their imagination of the democratic South Africa Writing about the various feminist intellectual traditions between the 19th and 21st centuries this book systematically pulls together oral and creative texts to recover the memories of Nosuthu Jotelo Sarah Baartman Nontsizi Mqgqwetho Phyllis Ntantala Brigalia Bam Umntwana uMagogo Miriam Makeba Sibongile Khumalo Lebo Mathosa Thandiswa Mazwai Celeste Ntuli Nkosazana Dlamini Zuma Neo Mathabe among the lives and works covered here This range of voices shows that intellectual work is varied and has the ability to sit alongside each other It importantly shows that scholarship emerges through community and conversation which is to say feminist histories are created and recreated through conversations that care about women s voices stories and being in the world Ultimately we think of the women featured in this book as forming a lineage a tradition of black women s survival wisdom which facilitated change and enduring radical transformation that demands theorisation and celebration Imaging and Assessing Mobile Technology for Development Richard Musabe, John Sören

Pettersson, 2024-04-08 Imaging and assessing mobile technology for development M4D means understanding the use of appropriate technologies and services and how they directly or indirectly address socio economic challenges This book adopts various perspectives to identify the obstacles to affordable digital technologies in order to enable enhance and effect development The book plays on the tension between success reports and optimistic projections on one hand and empirical evidence of technological belly splash on the other hand The areas covered include infusion of service education in computing education the Rwandan establishment of African Centres of Excellence to promote the development of appropriate technology the metaverse s realisation in a mobile network enabled metaversity and difficulties detected when evaluating digitisation of distance learning students security awareness dissemination of agricultural information and mobile payment The decolonisation of community based media and attempts to step outside the mobile network and Internet are also covered

Market Abuse Regulation in South Africa, the United States of America and the United Kingdom Howard Chitimira, 2018-05-15 This book provides a concise comparison of the regulation and enforcement of the anti market abuse laws insider trading and market manipulation in South Africa the United States of America USA and United Kingdom UK Bringing together a number of previously published articles the book provides a novel discussion of the challenges associated with the enforcement of market abuse laws in both developing countries such as South Africa and developed ones such as the USA and the UK This is primarily done to examine and expose the current strengths and weaknesses of market abuse laws in

relation to certain aspects of the corporate securities and financial markets environments in South Africa the USA and the UK Accordingly chapters two to five of the book unpack the regulation and enforcement of market abuse laws in South Africa and the USA in a comparative perspective Thereafter chapters six to eight of the book discuss the regulation and enforcement of market abuse laws Financial Markets Act 19 of 2012 and other related statutes in South Africa and the UK The book proposes some measures that could be utilised to enhance the enforcement of anti market laws in South Africa USA and the UK New market abuse related challenges that occurred during the global financial crisis are also briefly discussed The book further provides a relatively adequate overview of the comparative analysis of the regulation of market abuse in South Africa versus two key developed and respected jurisdictions namely the USA and the UK Accordingly it is hoped that the book can aid regulatory authorities financial market participants academics students and other interested readers to understand market abuse offences and possible measures that could be employed to combat such offences **Anchored in**

Place Bank, Leslie, Cloete, Nico, 2018-11-05 Tensions in South African universities have traditionally centred around equity particularly access and affordability historical legacies such as apartheid and colonialism and the shape and structure of the higher education system What has not received sufficient attention is the contribution of the university to place based development This volume is the first in South Africa to engage seriously with the place based developmental role of universities In the international literature and policy there has been an increasing integration of the university with place based development especially in cities This volume weighs in on the debate by drawing attention to the place based roles and agency of South African universities in their local towns and cities It acknowledges that universities were given specific development roles in regions homelands and towns under apartheid and comments on why sub national place based development has not been a key theme in post apartheid higher education planning Given the developmental crisis in the country universities could be expected to play a more constructive and meaningful role in the development of their own precincts cities and regions But what should that role be Is there evidence that this is already occurring in South Africa despite the lack of a national policy framework What plans and programmes are in place and what is needed to expand the development agency of universities at the local level Who and what might be involved Where should the focus lie and who might benefit most and why Is there a need perhaps to approach the challenges of college towns secondary cities and metropolitan centers differently This book poses some of these questions as it considers the experiences of a number of South African universities including Wits Pretoria Nelson Mandela University and especially Fort Hare as one of its post centenary challenges *Cereal Grains* Aakash K. Goyal, 2021-12-08 Over the past 50 years cereals such as maize rice wheat sorghum and barley have emerged as rapidly evolving crops because of new technologies and advances in agronomy breeding biotechnology genetics and so on Population growth and climate change have led to new challenges among which are feeding the growing global population and mitigating adverse effects on the environment One way to deal with these

issues is through sustainable cereal production This book discusses ways to achieve sustainable production of cereals via agronomy breeding transcriptomics proteomics and metabolomics Chapters review research examine challenges and present prospects in the field This volume is an excellent resource for students researchers and scientists interested in and working in the area of sustainable crop production *Vermicomposting for Sustainable Food Systems in Africa* Hupenyu Allan Mupambwa, Lydia Ndinela Horn, Pearson Nyari Stephano Mnkeni, 2023-03-01 This edited book collates the research done mainly in Africa on vermicomposting and related technologies that can assist African smallholder farmers in making nutrient rich organic fertilizers from their animal and crop residue wastes Information on the development of organic sources of liquid fertilizer development for hydroponics is also presented The book presents research findings on vermicomposting in a simplified way that will allow farmers and extension workers to adopt the indicated technologies The book also covers critical aspects of standardization of vermicompost preparation earthworm biology nutrient enrichment of composts and organic liquid fertilizer production Vermicomposting is a technology that employs earthworms to enhance the biodegradation and fertilizer value of organic wastes The earthworms optimize the biodegradation ecosystem during composting resulting in a final nutrient rich product with more recalcitrant forms of carbon and much lower levels of veterinary antibiotics and their metabolites Vermicompost as an organic fertilizer is highly preferred over other forms of soil enhancers A lot of research has been done on vermicompost and related activities in Africa but remain scattered across various publications The book is an invaluable source of information for farmers especially those practicing organic crop production vermicomposting researchers as well as extension workers Crowdfunding and Sustainable Urban Development in Emerging Economies Benna, Umar G., Benna, Abubakar U., 2018-02-28 Economic and societal systems continually evolve as the needs and demands of society change With the development of new technologies research and discoveries various opportunities emerge for venture development and developing economies Crowdfunding and Sustainable Urban Development in Emerging Economies provides innovative research on current issues in the rise of new platforms for digital activities a collaborative economy crowdsourcing crowdfunding and other activities that are shaping developing countries Highlighting a range of pertinent topics such as infrastructure finance tertiary educational institutions and urban sustainability this book is an important resource for academicians practitioners researchers and students The Times Do Not Permit Christine Lucia, 2024-10-01 This biography of Michael Mosoeu Moerane 1904 1980 surveys the unique life times and music of the first classically educated African composer in southern Africa **ICEL2016-Proceedings of the 11th International Conference on e-Learning** Prof. Dr. Rozhan M. Idrus and Dr Nurkhamimi Zainuddin, 2016 **Antimicrobials in Animal Husbandry** Arti Gupta, Ram Prasad, 2025-08-04 Using antibiotics to promote growth increase feed efficiency and reduce mortality in indoor poultry farming is unsustainable and has been implicated in increased antibiotic resistance in humans The use of antibiotics in food producing animals is recognized as favoring the development of antibiotic resistance and the ongoing emergence of

antibiotic resistant bacteria is a public health issue of increasing concern The concern is that current life saving antibiotics are becoming less effective The requirement is for more toxic and costly antibiotics reducing the available alternatives Antibiotic use is significant in the emerging public health crisis of antibiotic resistance Although most antibiotic use occurs in agricultural settings relatively little attention has been paid to how antibiotic use in farm animals contributes to the overall problem of antibiotic resistance The global spread of antimicrobial resistant pathogenic bacteria is a continuing challenge to the healthcare of humans and domesticated animals This book discusses antimicrobial resistance mechanisms relevant to food producing animals Students researchers scientists environmentalists veterinary practitioners academicians stakeholders and policymakers can benefit from using *Antimicrobials in Animal Husbandry* as a resource that addresses microbial biotechnology microbiology toxicology and all disciplines related to antimicrobial research Features of the book Covers antimicrobial resistance in animal husbandry with up to date research Describes the public health impact of the use of antibiotics in animal husbandry Includes recent references on each plausible antimicrobial resistance in human and animal health Describes the impact of improper use of antimicrobials on animal production Develops strategies for alternatives to antimicrobial application in food animals Aims to minimize the health related problems of consumers resulting from antimicrobial residues in food producing animals

Cold Pressed Oils Mohamed Fawzy Ramadan, 2020-07-23 *Cold Pressed Oils* Green Technology Bioactive Compounds Functionality and Applications creates a multidisciplinary forum of discussion on recent advances in chemistry and the functionality of bioactive phytochemicals in lipids found in cold pressed oils Chapters explore different cold pressed oil focusing on cold press extraction and processing composition physicochemical characteristics organoleptic attributes nutritional quality oxidative stability food applications and functional and health promoting traits Edited by a team of experts the book brings a diversity of developments in food science to scientists chemists nutritionists and students in nutrition lipids chemistry and technology agricultural science pharmaceuticals cosmetics nutraceuticals and many other fields Thoroughly explores novel and functional applications of cold pressed oils Shows the difference between bioactive compounds in cold pressed oils and oils extracted with other traditional methods Elucidates the stability of cold pressed oils in comparison with oils extracted using other traditional methods

Market participation of smallholder common bean producers in Malawi Lifeyo, Yanjanani, 2017-12-15 This study has analyzed the factors affecting common bean production and marketing decisions by agricultural households in Malawi The empirical results from applying the triple hurdle model to the IHS3 data demonstrate that different sets of factors affect smallholder farmers production market participation and the intensity of participation decisions with respect to common beans The location of the farmer ownership of a radio receipt of production extension services and FISP benefits distance to main road and distance to the nearest market affected the agricultural household s decision to produce common beans

Whispering the Strategies of Language: An Emotional Quest through **Fort Hare Application Form 2016**

In a digitally-driven earth wherever monitors reign supreme and quick communication drowns out the subtleties of language, the profound techniques and mental nuances hidden within words usually get unheard. Yet, located within the pages of **Fort Hare Application Form 2016** a interesting literary value pulsating with raw feelings, lies an exceptional journey waiting to be undertaken. Penned by a skilled wordsmith, that wonderful opus attracts visitors on an introspective journey, delicately unraveling the veiled truths and profound influence resonating within the fabric of each and every word. Within the emotional depths of this moving evaluation, we will embark upon a honest exploration of the book is key themes, dissect its captivating publishing type, and fail to the powerful resonance it evokes strong within the recesses of readers hearts.
