practices and urban development policies *Selling the Lower East Side* recounts the resistance tactics used by community residents as well as the impulse on the part of some to perpetuate the image of the neighborhood as dangerous romantic and bohemian clinging to the marginality that has been central to the identity of the East Village and subverting attempts to portray it as new and improved Ironically this very image of urban grittiness has been appropriated by a cultural marketplace hungry for new fodder Mele explores the ways that developers media executives and others have coopted the area s characteristics analyzing the East Village as a style provider where what is being marketed is difference The result is a visionary look at how political and economic actions transform neighborhoods and at what happens when a neighborhood is what is being consumed *The School of Education Record of the University of North Dakota* University of North Dakota.
