Blackwill, Jennifer M. Harris, 2016-04-11 A Foreign Affairs Best Book of 2016 Today nations increasingly carry out geopolitical combat through economic means Policies governing everything from trade and investment to energy and exchange rates are wielded as tools to win diplomatic allies punish adversaries and coerce those in between Not so in the United States however America still too often reaches for the gun over the purse to advance its interests abroad The result is a playing field sharply tilting against the United States Geoeconomics the use of economic instruments to advance foreign policy goals has long been a staple of great power politics In this impressive policy manifesto Blackwill and Harris argue that in recent decades the United States has tended to neglect this form of statecraft while China Russia and other illiberal states have increasingly employed it to Washington's disadvantage G John Ikenberry Foreign Affairs A readable and lucid primer The book defines the extensive topic and opens readers eyes to its prevalence throughout history Presidential candidates who care more about protecting American interests would be wise to heed the advice of War by Other Means and take our geoeconomic toolkit more seriously Jordan Schneider Weekly Standard The Shadow of Kenyan Democracy Dominic Burbidge, 2016-03-09 Why has democracy failed to reduce corruption in Kenya Framing the challenge in game theoretical terms Dominic Burbidge examines how mutual expectations between citizens dictate the success or failure of political reforms Since 1992 Kenya has conducted multiparty elections with the hope of promoting accountability and transparency in government This is being undermined by ongoing corruption and an increasingly centralised state response to terrorism Providing a nuanced assessment of democracy's difficult road in Kenya Burbidge discusses the independent role being played by widespread social expectations of corruption Through tracking average views of the average person it is possible to identify a threshold beyond which society suffers mutually reinforcing negative social expectations This trend is the shadow of Kenyan democracy and must be treated as a policy challenge on its own terms before institutional reforms will be successful **Towards Good**

Order at Sea Thomas Mandrup, Francois Vre~, 2015-03-01 The problems originating from the resultant bad order at sea can be directly felt on land when smuggling terrorism and related criminal activities operate more or less unhindered The book provides an important mapping of the challenges preventing good order at sea off the African coast and East Africa in particular Rear Admiral N Wang Commandant Royal Danish Defence College

Complexity and Crisis in the Financial System Matthew Hollow, Folarin Akinbami, Randal Michie, 2016-01-29 What are the long term causes and consequences of the global financial crisis of 2007 2008 This book offers a fresh perspective on these issues by bringing together a range of academics from law history economics and business to look in more depth at the changing relationships between crises and complexity in the US and UK financial markets The contributors are motivated by three main questions Is the present financial system more complex than in the past and if so why To what extent and in what ways does the worldwide financial crisis of 2007 2008 differ from past financial crises How can governments regulators and businesses better manage and deal with increased levels of complexity both in the present and in the future Students and scholars of finance economics history financial law banking and international business will find this book to be of interest It will also be of use to regulators and policymakers involved in the US and UK banking sectors

The World's Search for Sustainable Development Mukul Sanwal, 2015-11-05 This text traces the evolution of sustainable development and climate change from the time it emerged in international consultations and agreements The three sections of the book focusing on the framework climate change and sustainable development seek to cover the essentials of the politics of natural resource usage at the global level The book explores the evolution of sustainable development and climate change within the framework of the United Nations and the way the concept has been defined through intergovernmental meetings agreements and consensus within the multilateral system It also explores the best ways of reducing the risk to the planet while enabling societies to pursue sustainable development paths The challenges call for a transformation of social systems to facilitate a broadly acceptable change The book also explores the adoption of low carbon models different from the high carbon socio technical systems and related social practices

Future North Janike Kampevold Larsen, Peter Hemmersam, 2018-04-09 The changing Arctic is of broad political concern and is being studied across many fields This book investigates ongoing changes in the Arctic from a landscape perspective It examines settlements and territories of the Barents Sea Coast Northern Norway the Russian Kola Peninsula Svalbard and Greenland from an interdisciplinary design based and future oriented perspective The Future North project has travelled Arctic regions since 2012 mapped landscapes and settlements documented stories and practices and discussed possible futures with local actors Reflecting the multidisciplinary nature of the project the authors in this book look at political and economic strategies urban development land use strategies and local initiatives in specific locations that are subject to different forces of change This book explores current material conditions in the Arctic as effects of industrial and political agency and social initiatives It provides a combined view on the built environment and urbanism as well as the

cultural and material landscapes of the Arctic The chapters move beyond single disciplinary perspectives on the Arctic and engage with futures cultural landscapes and communities in ways that build on both architectural and ethnographic participatory methods Global Production Networks Neil M. Coe, Henry Wai-Chung Yeung, 2015 Accelerating processes of economic globalization have fundamentally reshaped the organization of the global economy towards much greater integration and functional interdependence through cross border economic activity In this interconnected world system a new form of economic organization has emerged Global Production Networks GPNs This brings together a wide array of economic actors most notably capitalist firms state institutions labour unions consumers and non government organizations in the transnational production of economic value National and sub national economic development in this highly interdependent global economy can no longer be conceived of and understood within the distinct territorial boundaries of individual countries and regions Instead global production networks are organizational platforms through which actors in these different national or regional economies compete and cooperate for a larger share of the creation transformation and capture of value through transnational economic activity They are also vehicles for transferring the value captured between different places This book ultimately aims to develop a theory of global production networks that explains economic development in the interconnected global economy While primarily theoretical in nature it is well grounded in cutting edge empirical work in the parallel and highly impactful strands of social science literature on the changing organization of the global economy relating to global commodity chains GCC global value chains GVC and global production networks GPN

The Economics of Chocolate Mara P. Squicciarini, Johan Swinnen, 2016-01-21 This book written by global experts provides a comprehensive and topical analysis on the economics of chocolate While the main approach is economic analysis there are important contributions from other disciplines including psychology history government nutrition and geography The chapters are organized around several themes including the history of cocoa and chocolate from cocoa drinks in the Maya empire to the growing sales of Belgian chocolates in China how governments have used cocoa and chocolate as a source of tax revenue and have regulated chocolate and defined it by law to protect consumers health from fraud and industries from competition how the poor cocoa producers in developing countries are linked through trade and multinational companies with rich consumers in industrialized countries and how the rise of consumption in emerging markets China India and Africa is causing a major boom in global demand and prices and a potential shortage of the world s chocolate **Media Activism in the Digital Age** Victor Pickard, Guobin Yang, 2017-07-06 Media Activism in the Digital Age captures an exciting moment in the evolution of media activism studies and offers an invaluable guide to this vibrant and evolving field of research Victor Pickard and Guobin Yang have assembled essays by leading scholars and activists to provide case studies of feminist technological and political interventions during different historical periods and at local national and global levels Looking at the underlying theories histories politics ideologies tactics strategies and aesthetics the book takes an expansive view of

media activism It explores how varieties of activism are mediated through communication technologies how activists deploy strategies for changing the structures of media systems and how governments and corporations seek to police media activism From memes to zines hacktivism to artivism this volume considers activist practices involving both older kinds of media and newer digital social and network based forms Media Activism in the Digital Age provides a useful cross section of this growing field for both students and researchers

Security Relations between China and the European Union Emil J. Kirchner, Thomas Christiansen, Han Dorussen, 2016-09-29 Over the past decade the EU and China have expanded their relations beyond a focus on economic and trade issues to the sphere of security Taking a broad definition of security a multidisciplinary approach and a comparative perspective including scholars from both Europe and China this book provides an in depth analysis of the extent to which the EU and China not only express similar threat concerns or make declarations about joint responses but also adopt concrete measures in the pursuance of security cooperation In particular the book seeks to explore a range of key themes in the field of EU China security cooperation such as nuclear proliferation international terrorist threats and cyber attacks Besides providing an overview of the areas where security cooperation exists and where it does not it also highlights the aspects of convergence and divergence and the reasons for their occurrence

The Voice of the Past Paul Thompson, 2017-02-24 Oral history gives history back to the people in their own words And in giving a past it also helps them towards a future of their own making Oral history and life stories help to create a truer picture of the past and the changing present documenting the lives and feelings of all kinds of people many otherwise hidden from history It explores personal and family relationships and uncovers the secret cultures of work It connects public and private experience and it highlights the experiences of migrating between cultures At the same time it can bring courage to the old meaning to communities and contact between generations Sometimes it can offer a path for healing divided communities and those with traumatic memories Without it the history and sociology of our time would be poor and narrow In this fourth edition of his pioneering work fully revised with Joanna Bornat Paul Thompson challenges the accepted myths of historical scholarship He discusses the reliability of oral evidence in comparison with other sources and considers the social context of its development He looks at the relationship between memory the self and identity He traces oral history through its own past and weighs up the recent achievements of a movement which has become international with notably strong developments in North America Europe Australia Latin America South Africa and the Far East despite resistance from more conservative academics This new edition combines the classic text of *The Voice of the Past* with many new sections including especially the worldwide development of different forms of oral history and the parallel memory boom as well as discussions of theory in oral history and of memory trauma and reconciliation It offers a deep social and historical interpretation along with succinct practical advice on designing and carrying out a project *The Voice of the Past* remains an invaluable tool for anyone setting out to use oral history and life stories to construct a more authentic and balanced record of the past and the present

Governing

Agricultural Sustainability Phil Macnaghten, Susana Carro-Ripalda, 2015-06-26 Although GM crops are seen by their advocates as a key component of the future of world agriculture and as part of the solution for world poverty and hunger their uptake has not been smooth nor universal they have been marred by controversy and all too commonly their regulation has been challenged as inadequate even biased This book aims to understand these dynamics examining the impacts of GM crops in diverse contexts and their potentials to contribute to sustainable agricultural futures Part 1 draws on research from three global rising powers Brazil India and Mexico exploring the views of scientists farmers and publics Using a diverse array of ethnographic and qualitative methodologies the book examines the dynamics that have underpinned the controversy in three diverse geo political contexts the manner in which dominant institutional framings have been closely aligned with the interests of powerful elites and the multiple ways in which these have been resisted through local symbolic and material practices Part 2 comprises a series of short comment pieces from 11 leading social and natural scientists responding to the question of how to develop a policy framework for the responsible innovation of sustainable culturally appropriate and socially just agricultural GM technologies This innovative book offers new insights for researchers and postgraduates in Science and technology studies Agro ecology and Environmental Studies Development studies Anthropology Human Geography Sociology Political Science Public Administration Latin American studies and Asian studies **The Routledge Atlas of South Asian Affairs** Robert W. Bradnock, 2015-10-14 South Asia has developed from a group of newly independent post Colonial states of at most secondary importance to the wider world to its current position as a region of central strategic importance to both global economic development and world peace and stability This Atlas highlights the global significance of South Asia in relation to economic geopolitical and strategic interests It provides a coherent descriptive and analytical account of the key elements of the complex societies that make up the region and its component countries Illustrated with more than 100 original maps and offering concise entries on key issues the book is structured thematically in these sections Global Context Geographical Environments Historical Evolution of South Asia Key Issues in modern South Asia Economy and Security Designed for use in teaching undergraduate and graduate classes and seminars in geography history economics anthropology international relations political science and the environment as well as regional courses on the South Asia this book is also a comprehensive reference source for libraries and decision makers focusing on South Asia **Posthumous Images** Chad Elias, 2018-09-07 For almost two decades of its history 1975-90 Lebanon was besieged by sectarian fighting foreign invasions and complicated proxy wars In Posthumous Images Chad Elias analyzes a generation of contemporary artists who have sought in different ways to interrogate the contested memory of those years of civil strife and political upheaval In their films photography architectural projects and multimedia performances these artists appropriate existing images to challenge divisive and violent political discourses They also create new images that make visible individuals and communities that have been effectively silenced rendered invisible or denied political representation As Elias demonstrates

these practices serve to productively unsettle the distinctions between past and present the dead and the living official history and popular memory In Lebanon the field of contemporary art is shown to be critical to remembering the past and reimagining the future in a nation haunted by a violent and unresolved war

The Top Books of the Year Geography Paper November 2014 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Geography Paper November 2014 : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
