Geometric Modeling: Theory and Practice Wolfgang Straßer, Reinhard Klein, Rene Rau, 2012-12-06

The Blaubeuren Conference Theory and Practice of Geometric Modeling has become a meeting place for leading experts from industrial and academic research institutions, CAD system developers and experienced users to exchange new ideas and to discuss new concepts and future directions in geometric modeling. The relaxed and calm atmosphere of the Heinrich Fabri Institute in Blaubeuren provides the appropriate environment for profound and engaged discussions that are not equally possible on other occasions. Real problems from current industrial projects as well as theoretical issues are addressed on a high scientific level. This book is the result of the lectures and discussions during the conference which took place from October 14th to 18th 1996. The contents is structured in 4 parts: Mathematical Tools, Representations, Systems, Automated Assembly. The editors express their sincere appreciation to the contributing authors and to the members of the program committee for their cooperation, the careful reviewing and their active participation that made the conference and this book a success.
