

Student Exploration: Cell Types

Vocabulary: ATP, bacteria, carbon dioxide (CO₂), cell, cellular respiration, compound light microscope, eukaryote, multicellular, muscle cell, neuron, organelle, photosynthesis, prokaryote, protist, red blood cell, root hair cell, tissue, unicellular, white blood cell

Prior Knowledge Questions (Do these BEFORE using the Gizmo.)

- How do you know if something is alive? Describe some of the characteristics of living things.

Beings that are alive have the ability to reproduce, evolve and maintain a metabolism (be able to produce energy from gaining energy)

- Humans, plants and mushrooms are all alive. What do these organisms have in common?

They can all reproduce/multiply, evolve and have some sort of metabolism

Gizmo Warm-up

In the *Cell Types* Gizmo, use light to view a piece of tape and contrast different samples. On the **VIEW** TAB, select **Leaf**. Turn on **Show all samples** if you can't find it.) Switch to the **MICROSCOPE** tab to observe the sample as it would appear under the microscope. By default, this microscope is using 40x magnification.

- Drag the **Coarse focus** slider until the sample is focused as well as possible. Then, improve the focus with the **Fine focus** slider. What do you see? I see the representation of

the eukaryote cells in the leaf, which are a little rectangular and green, because of the chloroplasts

- Select the 400x magnification. If necessary, adjust the fine focus. Now, what do you see?

Now, I can see the cells closer. You can even see the chloroplasts (the small green dots) and the nucleus

The individual chambers you see are **cells**, the smallest functional unit of an organism.

Gizmo Student Exploration Answer Key

Franklin S. Allaire, Jennifer E. Killham

Gizmo Student Exploration Answer Key:

Teaching and Learning Online Franklin S. Allaire, Jennifer E. Killham, 2023-01-01 Science is unique among the disciplines since it is inherently hands on. However, the hands on nature of science instruction also makes it uniquely challenging when teaching in virtual environments. How do we as science teachers deliver high quality experiences to secondary students in an online environment that leads to age grade level appropriate science content knowledge and literacy but also collaborative experiences in the inquiry process and the nature of science? The expansion of online environments for education poses logistical and pedagogical challenges for early childhood and elementary science teachers and early learners. Despite digital media becoming more available and ubiquitous and increases in online spaces for teaching and learning (Killham et al 2014, Wong et al 2018), PreK-12 teachers consistently report feeling underprepared or overwhelmed by online learning environments (Molnar et al 2021, Seaman et al 2018). This is coupled with persistent challenges related to elementary teachers' lack of confidence and low science teaching self efficacy (Brigido, Borrachero, Bermejo, Gunning, Duran, Duran 2004). Ideal for undergraduate teacher candidates, graduate students, teacher educators, classroom teachers, parents, and administrators, this book addresses why and how teachers use online environments to teach science content and work with elementary students through a research based foundation.

Recognizing the quirk ways to acquire this books **Gizmo Student Exploration Answer Key** is additionally useful. You have remained in right site to start getting this info. get the Gizmo Student Exploration Answer Key member that we present here and check out the link.

You could buy lead Gizmo Student Exploration Answer Key or get it as soon as feasible. You could quickly download this Gizmo Student Exploration Answer Key after getting deal. So, gone you require the book swiftly, you can straight acquire it. Its as a result certainly simple and so fats, isnt it? You have to favor to in this space
