

ROCK-BAND

USING YOUR WIRELESS GUITAR

FOR LEFTIES...

Safety/Regulatory/Case Information

(CAUTION) Please comply with all safety instructions and warnings.

- Do not modify, disassemble or attempt to open the controller.
- Do not expose the controller to extreme conditions, including direct sunlight and excessive humidity.
- Do not expose the controller to liquids.
- If cleaning is necessary, use a dry cloth to clean the affected area. Never use chemicals.
- Young children should be supervised by an adult when using this Rock Band Controller. Use of the controller by young children is not recommended. Please make sure that the person operating the controller has enough space around them to avoid hitting others.
- This controller must be used with care to avoid injury. MFI Games shall not be held liable for injuries resulting from modifications to or improper use of the controller.

This class B digital device has been tested and found to comply with part 15 of the FCC rules and the Canadian ICES - 003. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This device does, generates and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications; however, there is no guarantee that interference will not occur in any particular location or use. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

If the controller does cause harmful interference to radio or television reception, you can determine this by turning the controller off and on; the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the controller's receiving antenna, if applicable.
- Increase the separation between the controller and the game console.
- Contact <http://support.aa.com>.

Exposure to Radio Frequency Radiation

The radiated output power of the controller is well within FCC radio frequency exposure limits for this type of device, when unattended and used as described in this manual, and operates within guidelines found in radio frequency safety standards, which reflect the consensus of the scientific community and therefore, MFI Games believes the device's internal wireless radio is safe for use by consumers. The level of energy emitted is far less than the electromagnetic energy emitted by wireless devices such as mobile phones. However, the use of wireless radios may be restricted in some situations (e.g., on airplanes). If you are unsure of restrictions that may apply in any situation, you must ask for authorization before turning on, connecting or using the controller.

(CAUTION) Changes or modifications to this device not expressly approved by MFI Games could void the user's authority to operate this equipment and all warranties.*
