Power, 1929

Geology and Religion Martina Kölbl-Ebert, Geological Society of London, 2009 The book discusses this long standing relationship from a historical point of view which in the past has been sometimes indifferent sometimes fruitful and sometimes full of conflict The relationship continues well into the present While Christian fundamentalists attack evolution and related palaeontological findings as well as the geological evidence of the age of the Earth mainstream theologians strive for a fruitful dialogue between science and religion Much of what is written and discussed today can only be understood when the historical perspective is added This book considers the following topics the

development of geology from mythological approaches towards the European Enlightenment Biblical or Geological Flood and the age of the Earth geology within religious organizations biographical case studies of geological clerics and religious geologists religion and evolution historical aspects of creationism and its motives **PC Mag** ,1995-08 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology
