

Finance and Accounting Professionals in Highest Demand

Within each scoring indicator, a role is awarded points if its demand is above average compared with other finance and accounting roles. A role that had below-average demand received zero points toward its score. Roles were scored by comparing their quarter-over-quarter growth.

The ranking of roles is based on proprietary analysis of more than 8 million positions posted on more than 1,000 independent job boards and company websites, specialized unemployment rates from the U.S. Bureau of Labor Statistics, and placement data from Robert Half.
