Teaching Academic Writing in European Higher Education Lennart Björk,Gerd Bräuer,L. Rienecker,Peter Stray Jörgensen,2005-12-30 DAVID R RUSSELL English Department of Iowa State University U S A I was fortunate to attend as a visitor from the U S the first European Association for the Teaching of Academic Writing EATAW conference in 2001 at Groningen I was struck by the similarities in the challenges higher education faces on both sides of the

Atlantic in terms of developing students academic writing and students learning through writing It is indeed an international problem But I was equally struck by the profound differences in responding to these challenges among tions institutions disciplines and even within disciplines The essays in this traordinary volume address a growing demand for help with academic writing on the part of students and academic staff alike And they do so in ways that bring fresh approaches not only to Europeans who have only recently begun to study academic writing but also to researchers and academic staff in the U S where we have a c tury old tradition of attention to the problem but are much in need of these fresh approaches Academic writing has become a problem in higher education all around the world because higher education sits smack between two contradictory pressures On one end far more students and far more diverse students come streaming into higher education bringing in a far greater diversity of linguistic resources often interpreted as standards are falling as Frank Haacke Tente point out **Writing Term Papers with Cool New Digital Tools** Joe Greek,2013-12-15 In the not too distant past students were expected to turn in only handwritten or typed papers However with today s ease of access to the Internet and free applications teachers are now expecting students to go beyond the confines of text only productions Various online programs make it possible to create multi layered term papers that are rich in images audio and even video And most of these tools are free to use Students can now access their work from nearly anywhere that has an Internet connection In the case of collaborative research projects this same technology allows team members to work with each other even when they are in different locations A wide variety of online and offline tools techniques and tips to help students research write edit prepare and present term papers are discussed and explained here This revelatory guidebook to the latest in term paper technology also supports Common Core Standards for the reading of technical accounts and texts

Academic Writing for Geographers James A. Tyner,2023-08-21 There are many how to books on writing for academics none of these however relate specifically to the discipline of geography In this book the author identifies the principle modes of academic writing that graduate students and early career faculty will encounter specifically focusing on those forms expected of geographers that is those modes that are reviewed by academic peers This book is readily accessible to senior undergraduate and graduate students and early career faculty who may feel intimidated by the process of writing This volume is not strictly a how to or step by step manual for writing an article or book rather through the use of real concrete examples from published and unpublished works the author de mystifies the process of different types of scholarly pieces geographers have to write with the specific needs and challenges of the discipline in mind Although chapters are thematic based e g stand alone chapters on book reviews articles and books the manuscript is structured around the concept of story telling for it is the author s contention that all writing whether a scientific study or more humanist essay is a form of story telling **The Lively Art of Writing** Lucile Vaughan Payne,1969-03-01 An essential refernce for writers both new and experienced that will help improve your writing skills and style and help you say exactly what you want to say Students

teachers businessmen aspiring authors and complaining consumers all have one thing in common the need to express successfully ideas opinions arguments problems explanations or instructions through the medium of the written word And *The Lively Art of Writing* is the perfect guide to the mastery of this essential skill It will answer all of your questions provide you with the best techniques and offer important information about Choosing a subject Working with words The sound of sentences The power of paragraphs Essentials of style Essays theses and term papers And much much more *Writing Academic Papers* Elia Shabani Mlilo, 2012-08-16 *Writing Academic Papers* is a book for undergraduate students in higher learning institutions and colleges designed to help them accomplish their academic paper assignments This book comprises most materials necessary for students to write convincing and persuasive academic papers It defines an academic paper explains its importance in higher education and outlines the necessary steps in writing a well presented well argued and well documented academic paper This book also discusses in detail and with concrete examples the question of plagiarism the most serious offense in academic writing including the effects of plagiarism in the production of new knowledge and the consequences to those caught plagiarizing This book is an invaluable resource for all beginning students striving to achieve ethical and excellent writing performances **Writing in the Academic Disciplines** David R. Russell, 2002 To understand the ways students learn to write we must go beyond the small and all too often marginalized component of the curriculum that treats writing explicitly and look at the broader though largely tacit traditions students encounter in the whole curriculum explains David R Russell in the introduction to this singular study The updated edition provides a comprehensive history of writing instruction outside general composition courses in American secondary and higher education from the founding public secondary schools and research universities in the 1870s through the spread of the writing across the curriculum movement in the 1980s through the WAC efforts in contemporary curriculums **Research in Education**, 1969
