

Teenage Poems about Growing Up

By Maya Anthony

Between Dreams and Reality

Caught between a world of dreams,
And reality's unfolding schemes.
Teenage heart, both wild and free,
Seeking its own identity.

Yesterday's toys, tomorrow's tasks,
In the present moment, the teenager basks.
Balancing hope with rising fears,
Growing pains through shifting years.

From child to adult, the journey's vast,
But these fleeting moments, they won't last.
Hold them close, these days so few,
For they shape the future you.

Dr. Nicholas La Bianca, 2009-09-30 THIS BOOK DOES not intend to portray the history of the period but it is only a recollection of the early years of my life the way I experienced it I thought that the period I lived during the early years of my life was very unique and interesting from a social and human point of view since it depicts a kind of lifestyle that many people are not aware of Also it shows how people in different part of the world coped with the same difficult problems of making a living striving to improve living conditions and secure a better future for their children In general it shows that when life and family goals are very clear and strong people can go through the most difficult hardships and still achieve the desired results regardless of the political regime and the economic conditions that control the daily life **Central Avenue Sounds** Clora Bryant, 1998 Here too are recollections of Hollywood s effects on local culture the precedent setting merger of the black and white musicians unions and the repercussions from the racism in the Los Angeles Police Department in the late 1940s and early 1950s
