Colloque, François Vion-Delphin, François Lassus, 2007 Les avancées de ce colloque ont été importantes sur la question des incendies et des incendiaires avec la mise en évidence d'une remarquable continuité de l'Antiquité au 19^e siècle pour ce qui est du déclenchement des moyens de lutte de la prévention ou de la répression ou des solidarités d'après sinistre La même continuité a pu être observée pour ce qui est de la place de la flamme du feu du bûcher dans la mythologie et les religions La place du feu domestique tant en Alsace qu'en Franche-Comté a été étudiée et des lignes de force communes ont pu être mises en évidence en particulier sur le plan des techniques La place du feu dans la littérature la peinture et le cinéma a été également abordée Il en fut de même pour le feu dans l'artisanat en particulier dans le domaine de la métallurgie ancienne Le colloque a permis aussi de proposer d'utiles

In Search of Opera Carolyn Abbate, 2014-12-25 In her new book Carolyn Abbate considers the nature of operatic performance and the acoustic images of performance present in operas from Monteverdi to Ravel. Paying tribute to music's realization by musicians and singers, she argues that operatic works are indelibly bound to the contingency of live singing, playing and staging. She seeks a middle ground between operas as abstractions and performance as the phenomenon that brings opera into being. Weaving between opera's facts of life and a series of works including *The Magic Flute*, *Parsifal* and *Pell as*, Abbate explores a spectrum of attitudes towards musical performance which range from euphoric visions of singers as creators to uncanny images of musicians as lifeless objects that have been resuscitated by scripts. In doing so, she touches upon several critical issues: the Wagner problem, coloratura virtuosity and their critics, the implications of disembodied voice in opera and film, mechanical music, the mortality of musical sound and opera's predilection for scenes positing mysterious unheard music. An intersection between transcendence and intense physical grounding, she asserts, is a quintessential element of the genre, one source of the rapture that operas and their singers can engender in listeners. *In Search of Opera* mediates between an experience of opera that can be passionate and intuitive and an intellectual engagement with opera as a complicated aesthetic phenomenon. Marrying philosophical speculation to historical detail, Abbate contemplates a central dilemma: the ineffability of music and the diverse means by which a fugitive art is best expressed in words. All serious devotees of opera will want to read this imaginative book by a music critical virtuoso.

The Magician King Lev Grossman, 2012-05-29 Lev Grossman's new novel *THE BRIGHT SWORD* is out now. Return to Fillory in the riveting sequel to the New York Times bestseller and literary phenomenon *The Magicians*, now an original series on SYFY from the author of the #1 bestselling *The Magician's Land*. Quentin Coldwater should be happy. He escaped a miserable Brooklyn childhood, matriculated at a secret college for magic and graduated to discover that Fillory, a fictional utopia, was actually real. But even as a Fillorian king, Quentin finds little peace. His old restlessness returns and he longs for the thrills a heroic quest can bring. Accompanied by his oldest friend Julia, Quentin sets off only to somehow wind up back in the real world and not in Fillory as they'd hoped. As the pair struggle to find their way back to their lost kingdom, Quentin is forced to rely on Julia's illicitly learned sorcery as they face a sinister threat in a world very far from the beloved fantasy novels of their youth.

Ragnar le rouge Philippe Briolant, 2018-10-11 Jours après jours, les jeunes se forment l'art de la chevalerie. De retour Atlantis avec les jeunes lèves et apprentis chevaliers venus du royaume du Berry, chaque groupe rejoint sa formation. Arthur et ses compagnons forment Jeanne et ses partenaires du Berry l'art de la chevalerie. Chacun prend goût aux leçons.

prodigues avant de partir en représailles face aux envahisseurs venus du nord. Il couvrez sans plus attendre le troisième tome de la saga des Princes divins et partez l'aventure aux côtés d'Arthur, Jeanne et les autres face aux envahisseurs du Nord.

EXTRAIT Le lendemain de son arrivée à Atlantis pendant son sommeil, Arthur avait de nouveau refait un rêve. Il survolait la mer puis s'engageait dans la gorge d'une rivière enfermée par de hautes falaises où surplombaient de grands plateaux verdoyants. Au fur et mesure qu'il survolait la rivière, il n'avait aperçu que quelques petites habitations dissimulées par-ci et par-là des plateaux en bordure des falaises. Il devait penser que ces habitations servaient de poste de guet protégeant ainsi toute intrusion sur la rivière. Ce peuple ne semblait pas avoir eu d'invasion car aucun poste de défense n'avait été observé. Arthur poursuivit son avancée et la recherche d'un endroit où la flotte pourrait débarquer les troupes. Jusqu'à aucune plage ni bordure de terre suffisamment propice à un débarquement et menant aux hautes terres n'avait été trouvée. Loin dans les terres, la grande rivière commençait à laisser quelques signes d'ouvertures dans les terres dont la troisième donnant sur la rive gauche avait une opportunité d'accession aux terres du haut. Arthur avait remarqué la présence de pontons et de quelques bateaux identiques à ceux qui avaient servi la tentative d'invasion de la cité de Gergobina. Arthur avait compris que les places vides abordant les pontons étaient celles des bateaux qui n'étaient jamais revenus de l'expédition.

la fin de l'année 1248, Guenièvre, Morgane et Maya sont de nouveau tombées enceintes et cette fois Jeanne est de la partie. Alors qu'elles se rejoignent d'une telle coïncidence, Arthur apprend par ses visions l'urgence d'augmenter ses effectifs de chevaliers. Il est informé par le roi Jean de Berry qu'un petit royaume pacifique au sud du Berry ferait un bon partenaire pour l'alliance. Cependant, lors des naissances de deux nouvelles divinités des mondes extérieurs, font des révélations surprenantes. La rivalité des dieux est son summum, les clans se précipitent et la tension est palpable dans les rangs. Après le grand tournoi, Arthur se décide à l'alliance, s'embarque dans un long périple pour défendre le royaume du Nil face à l'invasion des sanguinaires.

galois cohomology wikipedia - Aug 14 2023

in mathematics galois cohomology is the study of the group cohomology of galois modules that is the application of homological algebra to modules for galois groups a galois group G associated to a field extension L/K acts in a natural way on some abelian groups for example those constructed directly from L but also through other galois representations that may be derived by more abstract means galois cohomology accounts for the way in which taking galois invariant elements fails
