**Notes and Queries**, 1909      *Imdeduya* Gunter Senft, 2017-07-12 This volume presents five variants of the Imdeduya myth two versions of the actual myth a short story a song and John Kasaipwalova's English poem *Sail the Midnight Sun* This poem draws heavily on the Trobriand myth which introduces the protagonists Imdeduya and Yolina and reports on Yolina's intention to marry the girl so famous for her beauty on his long journey to Imdeduya's village and on their tragic love story The texts are compared with each other with a final focus on the clash between orality and scripturality Contrary to Kasaipwalova's fixed poetic text the oral Imdeduya versions reveal the variability characteristic for oral tradition This variability opens up questions about traditional stability and destabilization of oral literature especially questions about the changing role of myth and magic in the Trobriand Islanders society which gets more and more integrated into the by now literal nation of Papua New Guinea      *Japanese Modernisation and Mingei Theory* 田中幸次郎, 2004 Yanagi Soetsu Bernard Leach and Hamada Shoji are the golden trio of the Mingei folkcrafts movement The theory at its core and its adaptation by Leach has long been an influential Oriental aesthetic philosophy for studio craft artists in the West      British Books, 1903      **The History of Anglo-Japanese Relations 1600-2000** G. Daniels, C. Tsuzuki, 2002-10-02 This pioneering collection of essays by Japanese British and Canadian scholars demonstrates how individuals government agencies and non governmental organizations have confirmed and challenged the ideas of diplomats and statesmen Case studies of mutual perceptions feminism ceremonial theatre economic and social thought fine arts broadcasting labour and missionary activity all illustrate how varieties of nationalism and internationalism have shaped the development of Anglo Japanese relations Furthermore it reveals the British admiration of Japan and a desire to emulate Japanese efficiency as a recurring theme in debates on the condition of Britain in the twentieth century      *Harvard Law Review*, 1901      *A Concise Legal Dictionary Adapted for the Use of Law Students and All Persons Studying the Fundamentals of English and American Law* Charles Erehart Chadman, 1909      *'Totally un-English'?*, 2005-01-01 The internment of enemy aliens by the British government in two world wars remains largely hidden from history British historians have treated the subject if at all as a mere footnote to the main narrative of Britain at war In the Great War Britain interned some 30 000 German nationals most of whom had been long term residents In fact internment brought little discernible benefit but cruelly damaged lives and livelihoods breaking up families and disrupting social networks In May 1940 under the threat of imminent invasion the British government interned some 28 000 Germans and Austrians mainly Jewish refugees from the Third Reich It was a measure which provoked lively criticism not least in Parliament where one MP called the internment of refugees totally un-English The present volume seeks to shed more light on this still submerged historical episode adopting an inter disciplinary approach to explore hitherto under researched aspects including the historiography of internment the internment of women deportation to Canada and culture in internment camps including such notable events as the internment revue *What is Life*      Medieval Schools Nicholas

Orme,2006-01-01 A sequel to Nicholas Orme's widely praised study *Medieval Children* Children have gone to school in England since Roman times By the end of the middle ages there were hundreds of schools supporting a highly literate society This book traces their history from the Romans to the Renaissance showing how they developed what they taught how they were run and who attended them Every kind of school is covered from reading schools in churches and town grammar schools to schools in monasteries and nunneries business schools and theological schools The author also shows how they fitted into a constantly changing world ending with the impacts of the Renaissance and the Reformation Medieval schools anticipated nearly all the ideas practices and institutions of schooling today Their remarkable successes in linguistic and literary work organizational development teaching large numbers of people shaped the societies that they served Only by understanding what schools achieved can we fathom the nature of the middle ages
