Leading Digital Turning Technology Into Business Transformation:

Leading Digital George Westerman, Didier Bonnet, Andrew McAfee, 2014 In **Leading Digital** authors George Westerman, Didier Bonnet and Andrew McAfee highlight how large companies in traditional industries from finance to manufacturing to pharmaceuticals are using digital to gain strategic advantage. They illuminate the principles and practices that lead to successful digital transformation. Based on a study of more than four hundred global firms including Asian Paints, Burberry, Caesars Entertainment, Codelco, Lloyds Banking Group, Nike, and Pernod Ricard, the book shows what it takes to become a Digital Master. It explains successful transformation in a clear two-part framework: where to invest in digital capabilities and how to lead the transformation. Within these parts, you'll learn how to engage better with your customers, how to digitally enhance operations, how to create a digital vision, and how to govern your digital activities. The book also includes an extensive step-by-step transformation playbook for leaders to follow. From the Amazon [SUMMARY - Leading Digital: Turning Technology into Business Transformation by George Westerman, Didier Bonnet, Andrew McAfee](#) Shortcut Edition, 2021-08-03. Our summary is short, simple, and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary, you will learn how to transform your business using new technologies. You'll also learn why it's critical to make the digital shift now, how to acquire the digital skills you're missing, how to give a clear and strong direction to all your employees, how to overcome resistance, and habits to succeed in your digital transformation. The arrival of new digital technologies marks a new industrial revolution for humanity. Entire areas of society's functioning will be called into question in the near future. In the same way, only the companies that will have been able to anticipate the change will survive. However, adapting to this new paradigm should not be considered an impossible challenge. On the contrary, it is a tremendous growth opportunity to redefine what you want to be and do in the years to come. Will you be able to succeed in the digital transformation of your company?
