Letter Of Support To A Daughter Sample:

The Women of Pliny's Letters Jo-Ann Shelton, 2013 The large collection of letters by Pliny the Younger includes a number of women among its addressees and Pliny also gives us plentiful information about many women of his acquaintance This book brings together this material to build up a portrait of a peer group of women in their social setting *The Complete Letter-writer*, 1775 Supporting Birth Parents Whose Children Have Been Adopted Joanne Alper, 2019-07-18 Provides professionals who work with birth parents insights into the support needs of this sometimes neglected group of people in the adoption process It shows how best to support them and the benefits this support can provide **Anchor of My Life** Linda W. Rosenzweig, 1994-10 Relying on women's own words in letters and journals Rosenzweig refutes the prescriptive literature of the times with its dire predictions of inevitable rifts between Victorian mothers and their daughters the new women of the twentieth century Instead Rosenzweig shows us mothers who rejoiced in their daughters' educational successes and while they did not always comprehend the nature of the changes taking place were only too happy to see their daughters escape some of their own restrictions and grief Extremely useful to scholars and teachers of women's history and family history The Anchor of My Life should also be fascinating to the general public for the accurate window that it provides on these complicated family relationships in our history Laurie Crumacker Department of History Simmons College Drawing on a broad array of historical sources The Anchor of My Life challenges the common assumption that mother-daughter relationships invariably are characterized by tensions and conflicts This lively and moving book deserves a wide audience Emily K Abel author of *Circles of Care Work and Identity in Women's Lives* The relationship between mothers and daughters has been the subject of much research and study in such fields as psychoanalysis sociology and women's studies But rarely has the history and evolution of this relationship been examined In The Anchor of My Life Linda W Rosenzweig draws on a wide range of primary sources letters diaries autobiographies prescriptive advice or self-help literature and fiction to reveal the historical nuances of this pivotal relationship Rosenzweig's distinctive approach focuses on the interaction between mothers and daughters of the American middle class at the turn of the century revealing that mothers and daughters managed to sustain close nurturing relationships in an era marked by a major female generation gap in terms of aspirations and opportunities Illustrated with photographs and portraits of the time The Anchor of My Life provocatively challenges the facile late twentieth-century assumption that the mother-daughter relationship is necessarily defined by hostility guilt and antagonism Essex Pauper Letters, 1731-1837 Thomas Sokoll, 2006-03-09 The immensely rich archives from the administration of the English poor law before 1834 include letters to the overseers of the poor that came from the poor themselves As personal testimonies of people claiming relief which are often written in a stunningly private tone pauper letters allow deep insights into the living conditions experiences and attitudes of the labouring poor in the late eighteenth and early nineteenth centuries This edition contains some 750 of these letters all those presently known to survive in the

county of Essex The Introduction demonstrates the immense importance of this neglected source both for the social historian and for the comparative study of literacy **An Example for All the Land** Kate Masur, 2010 An Example for all the Land clearly argued and deeply researched represents a significant breakthrough in the crowded field of Reconstruction scholarship Showing how Washington D C became a laboratory for political experimentation Masur reveals imp

Legislature, and a Commentary, on the Proposed Act of Parliament for Redress, &c Richard GRIFFIN (Chairman of the Poor Law Reform Association.), 1858 **Healing The Bereaved Child** Alan Wolfelt, 2013-12-19 First published in 1996 One spring morning a gardener noticed an unfamiliar seedling poking through the ground near the rocky untidy edge of his garden So begins the parable that sets the tone for this inspiring heartfelt new book for caregivers to bereaved children By comparing grief counseling to gardening Dr Wolfelt frees caregivers of the traditional medical model of bereavement care which implies that grief is an illness that must be cured He suggests that caregivers instead embrace a more holistic view of the normal natural and necessary process that is grief He then explores the ways in which bereaved children can not only heal but grow through grief Healing the Bereaved Child also contains chapter after chapter of practical caregiving guidelines How a grieving child thinks feels and mourns What makes each child's grief unique How the bereaved child heals the six needs of mourning Foundations of counseling bereaved children Counseling techniques play art writing nature and many others more than 15 pages A family systems approach to counseling Support groups for bereaved kids including a 10 session model Helping grieving children at school including a crisis response team model Helping the grieving adolescent Self care for the child's bereavement caregiver A must read for child counselors hospice caregivers funeral directors school counselors and teachers clergy parents anyone who wants to offer support and companionship to children affected by the death of someone loved *Proceedings of the ...
