Justice and Recovery for Victimised Children Susanna Johansson,Kari Stefansen,Elisiv Bakketeig,Anna Kaldal,2024-05-13 This open access book contributes to ongoing discussions about how societies should respond to children who have experienced violence and abuse by delving into the Barnahus model a multidisciplinary and co located model whose aim is to provide both justice and recovery to victimised children The promising model was first implemented in the Nordic region and is currently being diffused across Europe although scientific knowledge about the model remains scarce

the Barnahus model's potential for delivering holistic services the various tensions and dilemmas involved in the model and how dual mandate of Barnahus can be managed all require further research Continuing from the volume *Collaborating Against Child Abuse* 2017 which examined the process of Barnahus diffusion in the Nordic countries the current book digs deeper into the intrinsic institutional tensions of the model as well as those that might arise during collaboration in order to advance our understanding of what can be achieved through the model and thus improve the situation of child victims of violence and abuse An institutional perspective is used in the book which is structured in four parts The first three parts explore different types of institutional tensions legal organisational and professional ethical while the fourth focuses on how these tensions may be balanced The book's authors chart this new phase in the diffusion and translation of the Barnahus model Their analyses will provide valuable guidance to countries that are currently considering or are already implementing the model *Tell Me What Happened* Michael E. Lamb, Deirdre A. Brown, Irit Hershkowitz, Yael Orbach, Phillip W.

Esplin, 2018-09-04 Represents a scholarly and ambitious attempt to improve the quality of interviews received by the courts and minimize the risks of miscarriages of justice for victims and defendants This book updates the previous review of research on children's testimony reexamining and readdressing how the quality of information provided by young witnesses is affected by the way they are questioned Drawing upon both experimental and field studies conducted in different countries it summarizes evidence supporting the effectiveness of the National Institute for Child Health and Human Development NICHD Protocol and showcases the Protocol's superiority over other current interviewing techniques for eliciting detailed and forensically useful content from child complainants Written with both child protection professionals and researchers in mind *Tell Me What Happened Questioning Children About Abuse* offers advice and opinions drawn from actual investigative interviews as well as academic research Its insightful chapters cover children's testimony interview and questioning strategies how investigators typically interview alleged victims the NICHD Investigative Interview Protocols the impact that following the Protocol has on interviews and children's responses interviewing victims under the age of six interviewing children with developmental disabilities using tools and props to complement the Protocol training and maintaining good interviewing practices and more Provides a primary source of guidance practitioners and professionals involved in child protection Updates guidance for interviewers by adding consideration of emotional and motivational factors to better understand children's behavior during interviews Integrates the substantial body of research published over the last decade and reflects upon questions that the field should continue to address *Tell Me What Happened Questioning Children About Abuse* deserves to be read by all practitioners involved in child protection whether as investigators interviewers judges or lawyers **Conducting Interviews with Child Victims of Abuse and Witnesses of Crime** Mireille Cyr, 2022-02-13 This book is a practical and thoughtful guide for the forensic interview of children presenting a synthesis of the empirical and theoretical knowledge necessary to understand the account of child victims of abuse or witnesses of crime It is a complex

task to interview children who are suspected of being abused in order to gather their stories requiring the mastery of many skills and knowledge This book is a practical one in that constant links are made between the results of the research and their relevance for the interventions made when interviewing child victims of abuse or witnesses of crime and in understanding their accounts This book also presents in a detailed and concrete way the revised version of the National Institute of Child Health and Human Development NICHD R Protocol a forensic structured interview guide empirically supported by numerous studies carried out in different countries The step by step explanations are illustrated with a verbatim interview with a child as well as other tools to help the interviewer to prepare and handle an efficient and supportive interview Conducting Interviews with Child Victims of Abuse and Witnesses of Crime is essential reading for stakeholders in the justice social and health systems as well as anyone likely to receive allegations from children such as educators or daycare staff Although the NICHD R Protocol is intended for forensic interviewers the science behind its development and application is relevant to all professionals working with children

Internet Child Pornography Richard Wortley, Stephen Smallbone, 2012-08-17 This book provides a comprehensive introduction to the problem of Internet child pornography that spotlights the connection between technology and behavior presenting practical suggestions for reducing this pervasive problem The role of the Internet in fueling the problem of child pornography is enormous Prior to the Internet child pornography was typically locally produced of poor quality expensive and difficult to obtain United States law enforcement officials were able to boast in the late 1970s that the traffic in child pornography had virtually been eliminated The advent of the Internet in the 1980s made vast quantities of child pornography instantly available in the privacy of the viewer's home Today child pornography largely exists because of the opportunities provided by the Internet Internet Child Pornography provides a comprehensive overview of the issue by describing the problem of child pornography examining the impact of the Internet and presenting a profile of users With this foundation in place the authors then address responses to child pornography and shed light on the complexities of dealing with criminal activities that are perpetrated largely online for example the fact that people behave differently in online environments than they do in other areas of their lives The book examines prevention efforts designed to reduce access to child pornography law enforcement responses designed to catch known offenders and treatment responses designed to reduce reoffending

Conducting Scientifically Crafted Child Custody Evaluations Jonathan W. Gould, 1998-05-20 In Conducting Scientifically Crafted Child Custody Evaluations author Jonathan W Gould compiles the literature on child custody evaluation into a coherent logically integrated format that can be applied directly to practice This empirically based book represents state of the art forensic techniques in the rapidly changing field of child custody evaluation Gould challenges this dynamic field to further advance by enhancing its level of professionalism and strengthening its scientific basis Currently only 10% of divorcing couples with children pursue resolution of custody disputes The author questions whether this minority comprises a unique population that requires separate

uniquely developed intervention protocols He asks If the people who request forensic child custody evaluation comprise a unique population how useful are our assessment tools when they have not been validated on this distinctive group Proposing new assessment models that are in fact based on studies with this population Gould emphasizes that this is one of the fastest growing areas of professional involvement for practicing psychologists counselors and social workers Divided into three parts the book covers a conceptual framework the evaluation process and suggestions for the evaluator in preparing for court This book targets psychologists social workers and students in the fields of family social work family psychology family counseling forensic psychology family studies and family law
