Introducing the Map

Students have been introduced to directions and a map key in previous lessons. Tell students that most maps have three things on them—a title, directions, and a map key. Define these terms for students.

Show students the map of the neighborhood. Read the title together and ask students what the map is about. It is about Maria's neighborhood. The map shows the places in her neighborhood. Read the street names for students. Next, look at the map key. Have students locate different places on the map. Point out the entrance to each place. Explain that each entrance leads to a street. The entrance tells on which street each building is found. For example, say, "Maria's house is on High Street."
