Hunger in America Hunger in America is out of control when people have to line up to get food from food pantries church pantries and or homeless shelters There was a report on the new hunger in America since the recession from Web history It listed 12% of California households struggle with hunger between 2006 and 2008 but likely higher to this date Hunger in America stated that in Illinois rising demands on food banks especially in Cook County has these types of customers middle class and suddenly out of work in the midst of the recession According to Feeding America the National Hunger Relief Network did a study on the fact that Cook County is not the only county struggling and to be fair the demand has increased 65% in DuPage County where it was not considered a major problem to go hungry until the recession hit hard It was the feelings of shame and embarrassment among the newly poor that brought these people to another county's food pantry in order not to be recognized in their own county's food pantry If they did not go they do not eat Detroit MI has the highest unemployment in the nation so they struggle with hunger and housing New York has the largest increase in demand for food assistance since 1991 this is not just about California Illinois Michigan or New York because people are hungry all over the USA and world especially kids This breaks my HEART to see or hear of kids or anybody hungry from the lack of food This is why part of the proceeds from the sale of this book will be donated to each state's food depositories so they can supply food to food pantries and homeless shelters etc I need everyone to buy this book to lend a helping hand to others in need Part of the proceeds from sale of this book will help Haiti for a month Thanks and God bless Personally speaking this is not a black or white problem because it affects all people which makes this a sad story when so many people are hungry HELP
