with a post modern literary device that establishes the world of Imperial Bedrooms to be similar to but not exactly that of Less Than Zero In doing this Ellis is able to comment on the earlier novel's style and on the development of its moralistic film adaptation The device also allows Ellis to explore Clay's pathological narcissism masochistic and sadistic tendencies and the exploitative personality none of which had been explicit in Less Than Zero Ellis chose to do this in part to dispel the sentimental reputation Less Than Zero has accrued over the years that of an artifact of the 1980s Imperial Bedrooms retains Ellis characteristic transgressive style and applies it to the 2000s decade and 2010s covering amongst other things the impact of new

The Advocate ,1999-02-02 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States *Walking Shadows* Ib Johansen,2015-08-25 *Walking Shadows* focuses on the American fantastic and the American grotesque attempting in this manner for the first time to establish an overview of and a theoretical approach to two literary modes that have often been regarded as essential to an understanding of the American cultural canon The central importance of these two literary forms has been pointed out earlier by important theorists such as Stanley Cavell David Reynolds and William Van O Connor A number of literary works from the beginning of the nineteenth to the end of the twentieth centuries are taken up in order to illustrate the inherent links or family resemblances between the two modes with special reference to the way in which a Bakhtinian reading may facilitate our appreciation of their status within the canon These excursions into the House of Fantastic and Grotesque Fiction may be of interest not only to hardcore aficionados but also to philosophically minded readers in general in particular perhaps to those who have paid acute attention to debates on late twentieth and early twenty first century post structuralism and deconstruction where the classic positions of Foucault Derrida et al still appear to be relevant
