You should support your answer with close reference to the extract, including brief quotations.

At the **beginning** of the extract, the writer explores the limitations of representation in literature and how it shaped her early understanding of identity. She recalls, "Her default was (...) patronising, well-meaning pity (...) a single story of catastrophe", highlighting how limited narratives can lead to a narrow, damaging understanding of different cultures. The adjective "default" suggests an automatic, unconscious bias, reinforcing the idea that stereotypes are ingrained in society. The phrase "patronising, well-meaning pity" is particularly striking as it suggests that even seemingly
