Le Triomphe Des Femmes:

Les champions des femmes Marc Angenot, 2011-04-22T00:00:00-04:00 Un expos chronologique qui analyse les principaux traits tout en esquissant sommairement le cadre historique où ils ont apparus une étude thématique qui montrera la cohésion de la topique propre au genre et sa continuité culinaire des conclusions qui proposeront certaines hypothèses d'ensemble sur les traits rhétoriques la fonction idéologique et l'élément libidinal des discours sur la supériorité des femmes Catalogue de la bibliothèque de feu M. Baron. [Preceded by a biographical sketch.] Hyacinthe Théodore BARON (the Younger.), 1788 The Equality of the Sexes François Poulain de La Barre, 1990 Ruling Women, Volume 1 Derval Conroy, 2016-01-28 Ruling Women is the first study of its kind devoted to an analysis of the debate concerning government by women in seventeenth century France Drawing on a wide range of political feminist and dramatic texts Conroy sets out to demonstrate that the dominant discourse which upholds patriarchy at the time is frequently in conflict with alternative discourses which frame gynocracy as a feasible and laudable reality and which reconfigure wittingly or unwittingly the normative paradigm of male authority Central to the argument is an analysis of how the discourse which constructs government as a male prerogative quite simply implodes when juxtaposed with the traditional political discourse of virtue ethics In Government Virtue and the Female Prince in Seventeenth Century France the first volume of the two volume study the author examines the dominant discourse which excludes women from political authority before turning to the configuration of women and rulership in the pro woman and egalitarian discourses of the period Highly readable and engaging Conroy's work will appeal to those interested in the history of women in political thought and the history of feminism in addition to scholars of seventeenth century literature and history of ideas **Building Feminist Movements and Organizations** Lydia Alpízar Durán, Noël D. Payne, Anahi Russo, 2013-07-18 The struggle for the advancement of women's rights and gender equality globally is impossible without strong women's organizations and movements to provide leadership and momentum But what does a strong women's organization look like And what does it take to create effective and sustainable women's movements This groundbreaking collection of essays by activists from all corners of the globe explores what it means to be an influential women's organization and what it takes to build the kinds of movements needed to transform women's lives From how to build successful participatory democratic processes and implement shared leadership models to lessons on overcoming internal organizational divisions the case studies in this collection focus not only on the what but also the how of movement building Those concerned with how to effect sustainable change will find not only much food for thought but also an abundance of creative ideas and innovative strategies served up with a uniquely feminist twist , The Portraits of Madame de Pompadour Elise Goodman, 2000-01-01 An immensely eloquent tour de force demonstrating the complex and often contradictory position of women in both intellectual and visual culture Goodman examines Pompadour as an icon of court culture who simultaneously represents sexuality and the life of the mind The paintings are the visual record of a

remarkable and self conscious fashioning of femininity Dymna Callaghan author of Feminist Companion to Shakespeare
Elise Goodman's stimulating and richly illustrated study recovers the visual record of women's place in the French
Enlightenment She traces a trend engineered as much by the women themselves as by the artists who painted them in which
learning joins beauty to create a new iconography of female portraiture Susan S Lanser author of Fictions of Authority
Women Writers and Narrative Voice Women In 17th Century France Wendy Gibson, 1989-07-17 This book aims to trace
the life of the seventeenth century Frenchwoman from cradle to the grave through mainly contemporary primary sources
which include just about everything from collections of laws to traveller's tales Rather than reworking and refuting the
twentieth century experts in the field the author works directly through from birth and childhood through matrimony women
at work and in political life manners and religion to conclusive death **Convents and Nuns in Eighteenth-Century**

French Politics and Culture Mita Choudhury, 2018-07-05 Representations of convents and nuns assumed power and
urgency within the volatile political culture of eighteenth century France Drawing from a range of literary cultural and legal
material Mita Choudhury analyzes how between 1730 and 1789 lawyers religious pamphleteers and men of letters repeatedly
asked Who should control the female convent and women religious These sources chronicled the conflicts between nuns and
the male clergy among nuns themselves and between nuns and their families conflicts that were presented to the public in
the context of potent issues such as despotism citizenship female education and sexuality The cloister operated as a symbol
of despotism the equivalent of the Sultan's seraglio or the King's Bastille Before 1770 lawyers and magistrates praised nuns
as the personification of virtuous Christian women often victims vulnerable to those who would use them to further their own
political ends After 1770 men of letters evaluated nuns according to more secular norms and concluded that the convent had
no purpose in society except as a reminder of the problems inherent in the Old Regime Choudhury elaborates on how nuns
were not always passive entities mere objects to be shaped by the political needs of others But because they relied on men in
order to make their voices heard the place of women religious in the public sphere was a complex one based on negotiations
between female action and male subjectivity During the French Revolution whatever support they had enjoyed was lost as
republicans and moderates began to see nuns as potentially disruptive to the social order family life and revolutionary values
