The Primary ICT & E-learning Co-ordinator's Manual James Wright, 2008-01-23. This book certainly isn't one of the dry educational tomes that often bedeck the shelves of the staffroom; it is an informative accessible text which evolves into an enjoyable read. There aren't too many practitioner manuals that can boast that particular combination. A useful guide for the ICT leader seeking a practical effective annual structure for their ICT leadership role. Teach Primary Magazine. This practical manual is the second part of a 2 volume set that together makes up a detailed 2 year training programme for primary ICT and E learning co ordinators. The second book takes coordinators through the second year of the programme but may also be used as a starting point by more experienced staff. The structured training programme timed over three terms includes:

- o a complete review of E Safety procedures in the light of the Every Child Matters agenda
- o Developing a funding model in order to plan for ICT developments together with a broader ICT action planning review to embed a revised E learning vision through a series of long term sustainable actions
- o Reviewing the curriculum in order to examine how the E Learning community will adapt its core practices to facilitate new technology
- o the evolving role of school websites as they assume interactivity and examine the place of E Learning within the extended schools agenda
- o Reviewing the use of ICT as a tool for management systems and discussing how ICT can be used to support different groups of children
- o examining self evaluation strategies linked to the school's SEF the Ofsted Section 5 Framework and Every Child Matters.

The books have a companion website which will offer downloadable versions of the photocopiable sheets from the book as well as links to other sources of help and advice.
