**Cultural Seeds: Essays on the Work of Nick Cave** Tanya Dalziel, Karen Welberry, 2016-05-13 Nick Cave is now widely recognized as a songwriter musician novelist screenwriter curator critic actor and performer From the band The Boys Next Door 1976 1980 to the spoken word recording *The Secret Life of the Love Song* 1998 to the recently acclaimed screenplay of *The Proposition* 2005 and the *Grinderman* project 2008 Cave s career spans thirty years and has produced a comprehensive and sometimes controversial body of work that has shaped contemporary alternative culture Despite intense media interest in Cave there have been remarkably few comprehensive appraisals of his work its significance and its impact

on understandings of popular culture In addressing this absence the present volume is both timely and necessary Cultural Seeds brings together an international range of scholars and practitioners each of whom is uniquely placed to comment on an aspect of Cave's career The essays collected here not only generate new ways of seeing and understanding Cave's contributions to contemporary culture but set up a dialogue between fields all too often separated in the academy and in the media Topics include Cave and the Presley myth the aberrant masculinity projected by The Birthday Party the postcolonial Australian-ness of his humour his interventions in film and his erotics of the sacred These essays offer compelling insights and provocative arguments about the fluidity of contemporary artistic practice Her Turn on Stage Grace
