

My Plans After Graduation

I am a fulltime student enrolled at the University Of Houston. Academically, I am planning on obtaining my bachelor's in biochemistry and attend McGovern Medical School. I am working towards my dream of becoming a physician with the ability to treat and connect with their patient. Everyone has been been to a doctor in their life, meaning medical professionals have a large impact on society. It is my desire to be a someone who can put a smile on people's faces and give them peace of mind. It makes me euphoric to think that one day I will be waking up to a fulfilling career that puts others at the center of my work. However, I will need to continue to accumulate experience from multiple areas in order to make this dream into a reality.

After graduation, I plan on taking a gap year following my graduation. During my gap year, I will be pursuing a research position in computational biochemistry as I have a keen interest in the applications of computer science in biochemical studies. Advancements in the medical field have been possible thanks to studies in computational biochemistry and biology and I would like to gain some experience in this field as it may open more doors and possibilities in the future. I also have my eye on the summer research programs offered by MD anderson, a hospital has been ranked #1 for cancer care in USA. Living in the houston area has given me an opportunity to volunteer at the largest medical center in the world, and I will definitely pursue other positions and programs there in the future.

During this gap year, I also plan to volunteer and shadow at the hospital universitario virgen de las nieves in spain. Ever since childhood, I wanted to travel the world. I continue to have an ever growing infatuation with all of the places and all of the cultures that surround us and I think the diversity in our world is one of the most beautiful things in this world. As an aspiring physician, it will not only be expected to treat patients but also understand and build a connections with them. It has been my goal since childhood to learn and experience more and traveling abroad will give me that opportunity. It is important for medical professionals to demonstrate cultural understanding and acceptance which I can gain through individual experiences in other cultures. In my future career as a physician, I hope to utilize my own international experiences to cultivate a culturally immersive settings for all of my future patients and set an example for others. It is my hope to immerse myself in different cultures and garner enough experience so one day and to make any patient, foreign or local, feel welcome.

Accumulation of experience during my undergraduate years and my gap year will prepare me for my first year in medical school. Medical school will be the biggest stepping stone in order to achieve my dream and it will be a true test of perseverance and hard work.

David Weber, 2005-05 There are dozens of other funding directories describing college aid But none of them are like this one First unlike other directories the High School Senior's Guide focuses only on merit and no need scholarships Not one of the programs covered here requires financial need Plus only programs open to college bound high school seniors are included No more scanning through hundreds of listings that apply to currently enrolled college students not to you In addition the entries here are grouped by discipline so you can go directly to the area you want to study Not sure what your major will be No problem There's even a section listing programs that are open to support studies in any area The High School Senior's Guide provides the only way to find money for college based solely on academic record writing or artistic ability speech making skills athletic success high school club membership religious or ethnic background parents military or organizational activities and even pure luck in random drawings Perhaps that's why College Financial Aid gave the High School Senior's Guide 4 stars its highest rating **New**

Ellis,2009-09 What You Don't Know Can Keep You Out of College Don Dunbar,G.F. Lichtenberg,2007-07-05 In the tradition of The Gatekeepers a veteran counselor provides the missing key to the college admissions door with insider wisdom about how admissions committees think and the thirteen fatal mistakes that can ruin an application When Don Dunbar was a college counselor for Phillips Academy Andover in the 1980s he got to sit in on the meetings where the nation's top colleges decided whether to admit his students Prep school counselors no longer get this kind of astonishing access but in those meetings Don discovered a little known key to college admissions that still holds true today Many applicants look alike based on their grades test scores and extracurriculars so colleges want something more They want applicants with character Most of us know what

character means but not in the way that admissions officers define it Admissions officers have tremendous integrity and to them character equals what a student will contribute to his or her community good or bad over the next four years Don explains the concept of character in terms that high school students can understand using examples from his thirty years of working with kids He shows readers how to avoid the thirteen fatal character mistakes that even the brightest students make when applying to college and democratizes the admissions process making his advice available to all students The Dark Shadows over Longfellow Pond Sylvia Michaud, 2025-08-25 Doug lies near death after his wife Kristin and her boyfriend Todd attack him in his kitchen and leave him for dead in the woods of Longfellow Pond Their meeting had not worked out as planned Kristin only came to announce she is leaving the marriage but her husband's anger and harsh words toward her sets off her boyfriend and they get into a terrible fight Kristin hits Doug over the head with a vase and chooses to run rather than take responsibility for her actions The next morning a road worker who happens to be in the area sees a dark lump on the ground and then notices a man's hand protruding from the tarp He immediately calls an ambulance and Doug is rushed to the hospital Kristin is surprised the next morning when it is reported on the news that her husband has been found and is alive She and her boyfriend decide to leave the country to escape law enforcement and board a plane in Boston to Paris France where they can start a new life together They both find employment and are very happy living there but are enjoying a sense of false security The couple comes back to the United States to visit Kristin's mother after some months but are immediately arrested for their crimes After serving fifteen years in prison Kristin is released and finds a good relationship with Peter who is divorced and a father of two teenaged sons They meet at a gym and after getting to know each other decide to go on a vacation in Key West Florida An unfortunate chain of events leads to Kristin's death while she is there leaving her friends and family shocked and saddened by her loss Her former husband Doug also grieves for her and realizes that she has changed and become a better person He visits her grave to say a final goodbye and considers forgiving her for her past deceit **Al Urdun**, 1976 **Al-'Urdūn**, 1984 *Strengthen Your Writing (Rev 3Rd Edn)* V.
