ADDITIONAL

Accounting Projects

Small Business Accounting Project - Given the accounts for a small retail business, I had to perform full bank account reconciliations, variance analysis, and identify potential saving opportunities.

Sole Trader Client Project - This project provided me with the opportunity to balance multiple potential clients acting as sole traders, assisting with tax returns, expenses and calculating VAT.

Managing System Migrations - Forming part of my final project and dissertation, I reviewed how businesses can successfully transition their accounting software based on company growth and development, and proposed solutions on how to mitigate impact to daily business operations.
