*Erased* Marilee Strong,Mark Powelson,2010-06-10 Based on five years of investigative reporting and research into forensic psychology and criminology *Erased* presents an original profile of a widespread and previously unrecognized type of murder not a hot blooded spur of the moment crime of passion as domestic homicide is commonly viewed but a cold blooded

carefully planned and methodically executed form of erasure These crimes are often committed by men with no criminal record or history of violence whatsoever men leading functional and often successful lives until the moment they kill the women and sometimes children they claimed to love A surprising number go on to kill a second or even third wife or girlfriend often in exactly the same way In more than fifty chilling case studies Marilee Strong examines the strange and complex psychology that drives these killers from the murder a century ago that inspired the novel *An American Tragedy* to Scott Peterson Mark Hacking Jeffrey MacDonald Ira Einhorn Charles Stuart Robert Durst Michael White Barton Corbin and many others Erased also looks at how these men manipulate the legal system and exploit loopholes in missing persons procedures and death investigation exposing how easy it can be to get away with murder *The Complete Idiot's Guide to Criminal Investigation* Alan Axelrod, Guy Antinozzi, 2002 This book is the ideal entry point to learning about criminal investigation and forensics including both the theoretical and practical aspects of the ways society copes with and the way law enforcement investigates crime today *The New Statesman*, 1921 *In The Name of Love* Aaron Ben-Ze'ev, Ruhama Goussinsky, 2008-02-21 We yearn to experience the idealized love depicted in so many novels movies poems and popular songs Ironically it is the idealization of love that arms it with its destructive power Popular media consistently remind us that love is all we need but statistics concerning the rate of depression and suicides after divorce or romantic break up remind us what might happen if all that we need is taken away This book is about our ideals of love our experiences of love the actual disparity between the two and the manners of coping with this disparity A major study case of the book concerns men who have murdered their wives or partners allegedly out of love It is estimated that over 30% of all female murder victims in the United States die at the hands of a former or present spouse or boyfriend How can murdering a loved one be associated with the assumed moral and altruistic love Not only is love intrinsically ambivalent but it can also give rise to dangerous consequences Some of the worst evils have been committed in the name of love as in the name of God A unique collaboration between a leading philosopher in the field of emotions and a social scientist In the Name of Love presents fascinating insights into romantic love and its future in modern society **The Max** Ken Bruen, Jason Starr, 2011-04-20 MAX AND ANGELA ARE GOING DOWN When last we saw Max Fisher and Angela Petrakos Max was being arrested by the NYPD for drug trafficking and Angela was fleeing the country in the wake of a brutal murder Now both are headed for eye opening encounters with the law Max in the cell blocks of Attica Angela in a quaint little prison on the Greek island of Lesbos **The Keeler Keyhole Collection** Harry Stephen Keeler, 2008-04 *Technical Manual* United States.
