These fill-in-the-blank student pages are your notes to study after you have watched all the videos, so protect this for safe keeping. Some students like to write in a blue ink pen so that there is a contrast between the questions and the answers. Do what works best for you as you progress with your studying.
<b>NCLEX® Mindset</b>		The NCLEX® is like no other test that you have taken. This lecture prepares you to answer NCLEX® questions using Hurst review specific strategies.
<b>Hurst NOW Study Guide Check List</b>		Review the Study Guide Check List and begin tracking your progress with this form. This will help keep you on track and see how well you are progressing with the materials.
<b>Core Content Lectures</b>		<p><b>Med-Surg "Must-Know" Core Content Lectures:</b> Watch the lectures in order, as they are listed. The material is integrated, and each lecture builds on the material in the previous lectures. Most lectures are divided into <b>20-25-minute sections</b> within each topic, so be sure you have allotted this amount of time as you study. All of the videos have  closed captioning available if you would like to use this feature as you watch the lecture. Also, at the end of each lecture, there are activities to guide your studying. These include suggestions for <b>reviewing</b> the material, <b>Content Post Test</b> questions, and ways to use your <b>Obank</b> practice questions – all to help you learn the material without a doubt or hesitation! *(Although the amount of time required to complete this review is based on your study habits and time available, we strongly encourage you to watch <b>all</b> the videos in a timely manner. Criner,Rodger E. Barnette,Gilbert E. D'Alonzo,2010-06-27 Critical care medicine is a dynamic and exciting arena where complex pathophysiologic states require extensive knowledge and up to date clinical information An extensive knowledge of basic pathophysiology as well as awareness of the appropriate diagnostic tests and treatments that are used to optimize care in the critically ill is essential Since our first edition 7 years ago new information crucial to the care and understanding of the

critically ill patient has rapidly accumulated. Because this knowledge base crosses many different disciplines, a comprehensive multidisciplinary approach presenting the information is essential, similar to the multidisciplinary approach that is used to care for the critically ill patient. We have strived to provide this content in an easily digestible format that uses a variety of teaching tools to facilitate understanding of the presented concepts and to enhance information retention. To meet the demand to provide comprehensive and diverse education in order to understand the pathogenesis and optimum care of a variety of critical illnesses, we have substantially revised the prior topics in the first edition with updated information. We have also markedly expanded the number of topics covered to include acute lung injury and the acute respiratory distress syndrome, an expanded discussion of the physiology and operation of mechanical ventilation, obstetrical care in the ICU, neurosurgical emergencies, acute coronary syndromes, cardiac arrhythmias, role of whole body rehabilitation in the ICU, ethical conduct of human research in the ICU, and nursing care of the ICU patient.

**Hurst Reviews NCLEX-RN Review** Marlene Hurst, 2012-09-01 Ace the NCLEX RN with the help of nursing review pioneer Marlene Hurst. Use Marlene's unique no-cram-pass-with-what-you-already-know system and slash your study time in half. Full of concise, easy-to-remember strategies that cut study time in half. An eye-catching four-color format. Marlene Moments: Marlene's humorous anecdotes of common student mistakes that offer a light-hearted look at how new nurses learn to succeed. What the NCLEX Lady Thinks: valuable tips that reveal the rationale behind certain types of NCLEX questions and how to adjust your strategy accordingly. Chapter-ending NCLEX practice questions that solidify important information and show you how it will be tested on the NCLEX examination. Downloadable material includes 300 additional NCLEX-style questions plus downloadable MP3 audio tips from Marlene Hurst's award-winning NCLEX reviews.
