**Invitation to Psychology** Carole Wade, Carol Tavis, 2007-05 *Balancing the Scales* Marie A. Conn, Therese Benedict McGuire, 2003

*Balancing the Scales* a book of essays by faculty members of Chestnut Hill College in Philadelphia is an exploration of the manipulation and transformation of symbolic concepts of women A multidisciplinary collection representing Art History English Spanish Language and Literature Psychology and Theology this book hopes to raise awareness of the historical perception of women before and after the so called patriarchal revolution In the eighth century BCE the Greek poet Hesiod changed the character of Pandora a manifestation of the Great Earth Mother into Pandora the bringer of evil This fundamental change in the nature of the female archetype influenced the biblical writers and their depiction of Eve In the medieval period artistic renderings of the Whore of Babylon and the Woman Clothed with the Sun resulted in cultic images of women as either whore Eve or pure virgin Mary The apparitions and miraculous images of the Black Madonna at Montserrat and Guadalupe show the persistence of the divine feminine in popular culture even as institutional religion denies her existence The story of Cleopatra breaks open the question of why strong women are seen as frightening The essays conclude with psychological study of the imbalance induced by millennia of patriarchal domination resulting in the loss of the sacred feminine
