Invitation To Psychology Study Guide 2nd Edition Paperback:

Invitation to Psychology John P. Houston, Helen Bee, David C. Rimm, 2013-10-22 Invitation to Psychology provides an introduction to fundamental concepts in psychology. It seeks to address the need of both teachers and students by offering two different kinds of chapters. The first variety covers the basic data and research within each of the traditional areas of psychology. In these basic chapters the authors provide up to date and complete coverage of important developments in each area. The second type of chapter is innovative. These exploring chapters examine some of the practical applications and implications of the findings discussed in the basic chapters. These describe how basic psychological data are being used in the outside world and discuss ongoing often controversial explorations into some frontier areas of psychology. In other words, information about explorations and applications that is often scattered through the pages of other texts is brought together into systematic chapters in this text. The dual chapter approach helps resolve the dilemma of differing expectations of teachers and students. Key topics covered include the definition of psychology, the psychological basis of behavior, sensation and perception, states of awareness, learning, memory and cognition, motivation and emotion, abnormal psychology, and social behavior. It considers how the previous fundamentalist identity is shaped by aspects of church teaching and discipline that are less authoritarian and coercive and more subtle and widely spread throughout the church body. That is, individuals are understood as not only subject to a form of judgment but also exercise it with everyone seemingly complicit in maintaining the stability of the church organization. This book provocatively illustrates that the reasons for leaving an evangelical Christian church may be less about what happens outside the church in terms of the lures and attractions of the secular world and more about the experience within the community itself. **El-Hi Textbooks in Print**, 1984 *Literacy Leader Fellowship Program Reports*, 1996 **Medical Books and Serials in Print, 1979** R.
