Eagle Folding Camping Trailer Owner's Manual

WARNING: Read all instructions in its manual before using your car/pet.

This manual has been provided by Jayco, Inc. for the sole purpose of providing instructions concerning the operation and maintenance of this vehicle and its components. Nothing in this manual creates any warranty, either expressed or implied. The only warranty offered by Jayco, Inc. is as set forth in the limited warranty applicable to this vehicle.

The owner's failure to provide required service and/or maintenance could result in the loss of warranty. The owner should review Jayco's limited warranty and the limited warranties of all other manufacturers offering them that are applicable to this vehicle.

Instructions are included in this manual for operating various components which are optional on some vehicles. In addition, the owner should refer to individual manufacturer's operating instructions contained in the owner's packet.

WARNING: Review the carrying capacity of your tow vehicle with the trailer you will be towing. You should not exceed the gross vehicle weight rating of the trailer (GVWR). Know your loaded hitch weight and select a hitch that is adequate for that weight. You, as the owner, are responsible for the safety and carrying capacity of your tow vehicle and trailer selection. Consult your hitch and tow vehicle manufacturers with any questions before you tow your trailer. You are responsible for the selection of your tow vehicle and trailer. Do not exceed the tow or cargo capacity of your tow vehicle, and remember that the GVWR relates to towing capacity and does not necessarily include braking capacity. Do not overload your trailer with additional cargo or tank fluids to exceed the GVWR of the trailer. Do not load your trailer so that it is unbalanced from front to rear or from side to side. You should clearly understand how your particular tow vehicle capacities are calculated. It also sure your tow vehicle is not only rated for your intended usage and pay particular attention to suspension components, tires and tire pressure. We remind you use safety devices and weight distribution hitches with all Jayco towable products. Many states have lower speed limits required with the tow vehicle/trailer combination. Obey all traffic laws and use your knowledge of all the rules of the road and that you should exceed 15 MPH when towing a trailer. Consult an expert for specific driver education when towing a trailer. There are private RV driving schools and some RV clubs offer driving seminars as part of their club activities. Recreation vehicle publications and the Internet can be a source of information regarding RV driver education and discuss any topics to help you learn to safely use your recreation vehicle.
