Therapists Guide To Understanding Common Medical Problems Andrew Kolbasovsky,2008-02-26 Everything mental health clinicians need to know about the medical conditions of their patients People seeking therapy for mental health issues often also have medical problems such as diabetes AIDS asthma or heart conditions As a therapist should you ignore the medical conditions that your clients may have and simply stick to what you re trained in healing the mind and not focusing on medical or bodily issues Or should you inquire about any medical issues during intake and give them full attention As a non medically trained practitioner how much should you really be expected to know about these issues These answers and more can be found in this book Geared specifically to nonmedically trained mental health professionals it gives practitioners a better understanding of exactly how physical health issues play out in the context of mental health issues equipping clinicians with the information necessary to more effectively create and manage a comprehensive psychotherapeutic treatment regimen

Java Servlet & JSP Cookbook Bruce W. Perry,2004-01-21 Provides real world Web application development problems and practical solutions and hundreds of examples and sample code for Java Web developers who use JavaServer Pages or servlets along with useful tips techniques tools and shortcuts

The Complete Idiot's Guide to JavaServer Pages Robert Brunner,2002 Presents a clear comprehensible approach to JSP technology and its applications The Complete Idiot s Guide RM to JavaServer Pages presents JSP in a way that is understandable to both the budding Web developer familiarity with Java programmer or a Web designer who s better acquainted with HTML than Servlets JSP though efficient and very applicable relies on Java concepts This makes learning JSP initially less intuitive than similar scripting protocols Hence neophytes to this technology could benefit greatly from a Complete Idiot s Guide RM that explains its fundamentals This book will provide instructions for creating a JSP application through helping the reader get up and running on the free Jakarta tomcat server This book is designed to gently guide the reader thorough the intricacies of JavaServer Pages JSP First a basic understanding of the HTTP model and the Servlet lifecycle are presented as these are key requisites for understanding and implementing JSPs Following this the reader is guided through an installation of the Apache software foundation tomcat server which is the JSP reference implementation and is free Several demo JSPs come with this server which will be used to visually demonstrate the JSP concept

Tomcat Kick Start Martin Bond,Debbie Law,2002 Tomcat Kick Start covers Tomcat 4 0 3 and 4 1 the latest versions developed for the current JSP and Servlet specifications The book starts with the essentials of JSP and Servlets then explains how to install and administer the Tomcat server Further chapters discuss how Tomcat enhances application development with tag libraries error logging filters and valves and more
