you are panicking about it for half a day prior Or when your mom visits you with a car full of food even though you told her you only needed one jam jar for pancakes Or when after graduating from college you are unable to provide the basic livelihood for yourself because you are forced to do vocational training without employment Vocational training is a program that could have worked and could have brought a lot of positives but according to the experiences of young people something seriously went wrong Nora is going exactly through that Although she lives on a relation between Kutina and Osijek this is a story of entire Croatia A story that will sadden you with the hardships of life make you laugh with a particular type of humor and make you angry with the situations no one can influence all of which is necessary to put things into motion What do you do when a leap of faith is just not enough      **Leap of Faith** Rachel Elliot,1994-01-01
