Mountain Time Tv Guide:

TV Guide Stephen F. Hofer, 2006 This book looks at the origins and growth of television through the pages of TV Guide and covers the complete run of this American icon from the first guides in 1953 to the last issue in guide format on October 9 2005 It includes full color reproductions of every cover ever printed and is both a collector's guide with pricing included and a retrospective view of the medium

TV Guide, 2006

Hillbilly Anthony Harkins, 2004 This text argues that the hillbilly in his various guises has been viewed by mainstream Americans simultaneously as a violent degenerate who threatens the modern order and as a keeper of traditional values and thus symbolic of a nostalgic past free of the problems of contemporary life

The Official Railway Guide, 1905

The Synchronized Society Randall Patnode, 2023-03-17 The Synchronized Society traces the history of the synchronous broadcast experience of the twentieth century and the transition to the asynchronous media that dominate in the twenty first century with particular attention to the rise and fall of the schedule and the water cooler conversations that accompanied it

TV Guide Almanac Craig T. Norback, Peter G. Norback, 1980

Gen X TV Rob Owen, 1997-03-01 No generation eludes definition as much as Generation X Rob Owens opens with a history of network and cable television since the birth of Generation X but goes on to explore the symbiotic relationship between television and this largely misunderstood age group From the first megahit *The Brady Bunch* to today's *Friends* Owen unflinchingly describes the boob tube as the ubiquitous babysitter for millions of young people Television Owen maintains consumes innocence as viewers encounter countless episodes of society's woes from political strife and environmental decimation to everyday violence and crime

Camping Grounds Phoebe S.K. Young, 2021-04-01 An exploration of the hidden history of camping in American life that connects a familiar recreational pastime to camps for functional needs and political purposes Camping appears to be a simple proposition a time honored way of getting away from it all Pack up the car and hit the road in search of a shady spot in the great outdoors For a modest fee reserve the basic infrastructure a picnic table a parking spot and a place to build a fire Pitch the tent and unroll the sleeping bags Sit under the stars with friends or family and roast some marshmallows This book reveals that for all its appeal the simplicity of camping is deceptive its history and meanings far from obvious Why do some Americans find pleasure in sleeping outside particularly when so many others past and present have had to do so for reasons other than recreation Never only a vacation choice camping has been something people do out of dire necessity and as a tactic of political protest Yet the dominant interpretation of camping as a modern recreational ideal has obscured the connections to these other roles A closer look at the history of camping since the Civil War reveals a deeper significance of this American tradition and its links to core beliefs about nature and national belonging *Camping Grounds* rediscovers unexpected and interwoven histories of sleeping outside It uses extensive research to trace surprising links between veterans tramps John Muir African American freedpeople Indian communities and early leisure campers in the nineteenth century tin can tourists federal campground designers Depression

era transients family campers backpacking enthusiasts and political activists in the twentieth century and the crisis of the unsheltered and the tent based Occupy Movement in the twenty first These entwined stories show how Americans camp to claim a place in the American republic and why the outdoors is critical to how we relate to nature the nation and each other

Television Westerns Alvin H. Marill, 2011-06-01 Westerns have featured prominently in films almost since motion pictures were first produced at the end of the nineteenth century and when televisions invaded American homes in the late 1940s and early 50s Western programs filled the small screen landscape Throughout the 1950s and well into the 1960s these shows dominated television with such long running successes as Bonanza Wagon Train and Maverick And though the genre has fallen on hard times over the years it has never died as Hollywood continues to produce films mini series and shows that keep the west alive In *Television Westerns Six Decades of Sagebrush Sheriffs Scalawags and Sidewinders* Alvin H Marill looks at the genre as it was represented from the beginning of television from the twenty year run of Gunsmoke to the brutal revisionist take of Deadwood This volume encompasses all manifestations of the Western including such series as Rawhide The Virginian and The Wild Wild West as well as movies of the week mini series failed pilots animated programs documentaries and even Western themed episodes of non Western series that provided their own spin on the genre
