identities are being repackaged in pursuit of corporate profits Because tracking and manipulation of data make likes and tweets and followers the currency of importance rather than scientific achievement or artistic talent or information the electorate needs to fully function in a democracy And because we are being manipulated to spend time with technology to interact with friends to always be on even when it is to our physical and mental detriment Public-Private Partnerships in Russia Oleg V. Ivanov, Agnessa O. Inshakova, 2020-11-11 This volume presents the history and current state of the public private partnership PPP sector in Russia It analyzes the legal and institutional framework of PPPs as well as approaches and best practices for public administrations at federal and regional level to promote PPPs Special attention is given to the management of PPP projects in different phases of their life cycle and to the legal and financial structuring of PPP projects In addition the contributions highlight best PPP practices in various sectors from transport infrastructure to information technology and also discuss international aspects of PPP The volume is aimed at scholars in economics and public administration as well as public decision makers interested in modern trends in the Russian economy and the development of successful business development **Unmanned Aerial Vehicles: Breakthroughs in Research and Practice**
