Global Inequality and American Foreign Policy in the 1970s Michael Franczak,2022-06-15 In Global Inequality and American Foreign Policy in the 1970s Michael

Franczak demonstrates how Third World solidarity around the New International Economic Order NIEO forced US presidents from Richard Nixon to Ronald Reagan to consolidate American hegemony over an international economic order

under attack abroad and lacking support at home The goal of the nations that supported NIEO was to negotiate a redistribution of money and power from the global North to the global South Their weapon was control over the major commodities in particular oil that undergirded the prosperity of the United States and Europe after World War II Using newly available archival sources as well as interviews with key administration officials Franczak reveals how the NIEO and North South dialogue negotiations brought global inequality to the forefront of US national security The challenges posed by NIEO became an inflection point for some of the greatest economic political and moral crises of 1970s America including the end of golden age liberalism and the return of the market the splintering of the Democratic Party and the building of the Reagan coalition and the rise of human rights in US foreign policy in the wake of the Vietnam War The policy debates and decisions toward the NIEO were pivotal moments in the histories of three ideological trends neoliberalism neoconservatism and human rights that formed the core of America's post Cold War foreign policy

**Latin America Facing China** Alex E. Fernández Jilberto, Barbara Hogenboom, 2012 The last quarter of the twentieth century was a period of economic crises increasing indebtedness as well as financial instability for Latin America and most other developing countries in contrast China showed amazingly high growth rates during this time and has since become the third largest economy in the world Based on several case studies this volume assesses how China's rise one of the most important recent changes in the global economy is affecting Latin America's national politics political economy and regional and international relations Several Latin American countries benefit from China's economic growth and China's new role in international politics has been helpful to many leftist governments efforts in Latin America to end the Washington Consensus The contributors to this thought provoking volume examine these and the other causes effects and prospects of Latin America's experiences with China's global expansion from a South South perspective
