### **Locality Profile**

The first settlers to the Clermont District arrived in the 1850's and took up land in the area and bought large numbers of sheep. 3 shepherds looking after a flock of sheep near the present site of Clermont discovered gold. This led to the founding of Clermont which was built on the northern side of Hoods Lagoon. Drummond Street became the main street from 1860 to 29 December 1916 when a severe flood with water over 4 metres deep hit the town, destroying most of the buildings and over 60 lives were lost. Some of the buildings that remained were moved to the present site of the town.

In 1862 a 10 metre wall of solid copper ore was discovered at Copperfield about 4km from Clermont. Copper was mined until 1880 when the best of the ore was mined out. Copperfield had a population of about 4000 people. 1 of 14 chimneys still stand. The bricks used to build the chimney were made by Welsh tradesman at Clermont.

Epping Forest Natural Park of 3300 hectares about 120km NW of Clermont is home to the hairy-nosed Wombat which is an endangered species. There is a colony of about 70 wombats and much research is being done to ensure the number of wombats increase.

Clermont is situated 278km south-west of Mackay and 378km north-west from Rockhampton. Clermont Police division covers an area of 25500 sq/km. Town population 3000; Divisional population 4800. There is at this time a high number of contractors in town which causes tension with local workers often resulting in stoushes. Temperatures range from 46 degrees in summer to -5 degrees in winter.
