Marriage: The Earthly Heaven Bshara Salem, 2015-12-14 PREFACE This is such a funny

world where for everything that we do we need a license and for each and every license we go to school spend hours days and even years of studies but that is not enough we have to be subjugated to a test If we pass this test we will be granted a diploma a certificate or a license and then we will be qualified to practice whatever we have learned A food handler is not allowed to work in a kitchen unless he she passes a test on the rules and regulations of how to handle food and then he she will be granted a permit to work in the food industry A lawyer will spend years of intense studies and still would not be permitted to practice law unless he she passes the bar exam A physician a pharmacist a smog check tester a hair stylist a nurse a dental assistant a chiropractor and mostly any kind of job that will affect any other individual would need an intense course of studies and an exam before a license is granted But the most important of professions the one on which the future of the country depends on the one that the future of the society and the future of the family relies on the one that causes happiness and pleasure or sadness and depression the one that makes scholars and professionals or drug addicts and prostitutes of the children does not need a course of studies but anyone can go and get a license no questions asked This most important license of them all is the MARRIAGE LICENSE It does not mean however that dooms day is at the door It only means that if marriage is not going to be taken seriously the family as a whole will crumble from all the side effects of divorces separations quarrels and lack of communication And this is why each individual who is married or thinks of marriage should learn its ABC s regardless of whether the government will mandate a school program in all its high schools for that purpose or offer marriage courses with tests before it grants a marriage license Until we find other means marriage will continue to be the only way for the continuance of the human survival as it is known today There is no doubt that life will continue as long as the powerful among us will not use their ingenuity of mass destruction and turn our little planet into ashes It is very important to know something about the history of mankind and figure out the truths and the lies that the media showers us with every single day Once we figure the truth it will be very easy to handle our lives in a more positive way History was greatly distorted and this book tackles a few of those distortions so that marriage will be meaningful significant and rewarding The book is full of real short stories about different people and different problems many people can and will identify with one or more of those real stories simply because they are common and each of them happened to too many people The purpose was to expose those situations anonymously find solutions and hope that they will benefit others before they fall in the same situation and not to demote or promote the character of any of the readers This informative book is for all married or single rich or poor religious or atheists even democrats or republicans so as to live a very loving rewarding and pleasant life and so as to see the hidden problems that might lie ahead and solve them before they destroy the family structure which is the basic foundation of the whole society and thus the whole country

LoPiccolo, Leslie LoPiccolo, 2012-12-06 When is it timely to publish a synthesis of previously published and original materials from a specific discipline I believe it to be timely when one has a sufficient amount of high quality material covering the critical areas of that topic when the previously published material is scattered over a wide range of journals and books and when there is no single book that synthesizes the discipline The treatment of sexual dysfunction emerged to the front lines of health delivery only during the past decade with the pioneering work of William Masters and Virginia Johnson In spite of the rash of sex clinics and sex therapists that followed precious little solid research has been conducted on the various strategies of therapy the means of assessing complex interpersonal sexual relationships and the manner by which clinical change is objectively assessed No one reader can keep pace with the multitude of journals that publish key material by sophisticated investigators And no one investigator can cover these salient areas alone with his or her original work in a single volume The critical papers have now been written Ten were written specifically for this volume and thirty three have previously appeared This volume laces them together into a coherent pattern Thus the time for a synthesis in sexual dysfunction DD 891 John G. Denham, 2007-05-18 DD 891 Captain John G Denham USN Retired There was no DD891 The Martin DD891 is a mythical Gearing class destroyer that represents nearly all of the long hull Sumner class destroyers completed as Gearings the last wartime designed tin cans Although 152 were originally ordered only 98 were built and most were completed after WWII The officers and enlisted personnel assigned to the Gearing class destroyers were impressed with the living and working spaces and the arrangement of the modern equipment installed With an allowance of a dozen officers and over 300 in the crew operational capability and working conditions were improved as was the hotel support features for all on board The chiefs were still forward and the snipes were aft no change New constructions drew the best people and therefore the original crew of the Martin DD891 consisted of experienced leaders and qualified petty officers in all key position As time passed change was the only constant factor The demands of naval operations required that the 25 hour day remain routine in destroyers USS meant underway Saturday and Sunday For 30 years the Martin aged and survived with competent leadership and dedicated crews DD891 is not just about a ship but its people and the families that support those who chose the Navy and its life The Martin was a unit in a four ship destroyer division that was part of a squadron in a flotilla that made up the Pacific fleet destroyer force As each crew member is a part of a team each destroyer is part of a mission oriented task organization and must be ready when needed and prepared to function when called The Martin and her people successfully fulfilled many missions for 30 years The Martin as were her cohorts was commissioned to keep the peace therefore the officers and men spent the majority of their time deterring those enemies threatening that objective From
