Foreplay The Ivy Chronicles:

Foreplay Sophie Jordan, 2013-11-05 Pepper has been hopelessly in love with her best friend's brother Hunter for like ever. He's the key to everything she's always craved: security, stability, family. But she needs Hunter to notice her as more than just a friend. Even though she's kissed exactly one guy, she has the perfect plan to go from novice to rock star in the bedroom: take a few pointers from someone who knows what he's doing. Her college roommate has the perfect teacher in mind. But bartender Reece is nothing like the player Pepper expects. Yes, he's beyond gorgeous, but he's also dangerous and deep with a troubled past. Soon what started as a lesson in attraction is turning both their worlds upside down and showing them just what can happen when you go past foreplay and get to what's real. *Tease* Sophie Jordan, 2014-05-27 A young college woman gets schooled in life, sex, and love in New York Times bestselling author Sophie Jordan's sizzling New Adult romance series where three Ivy League suite mates test their boundaries as they seek higher knowledge of just how far they can go. A born flirt and good time party girl, Emerson has never had a problem finding a willing guy. She's always chosen her hook ups carefully and she's never broken her three cardinal rules: Never let them see the real you. Never fall in love. Always leave them begging for more. Then comes Shaw. A hotty from the wrong side of the tracks, he's immune to her flirtatious banter and comes hither, smile. After rescuing her from a disastrous night at a biker bar, he doesn't even try to take her to bed; he calls her a tease and sends her home instead. Unable to resist a challenge or forget the sexy, dark-eyed bad boy biker, she vows to bring him to his knees. But instead of making Shaw beg, she finds herself craving him. For the first time in her life, she's throwing out her rulebook. Suddenly, she's the one panting for a guy she can't control. A guy who won't settle for anything less than the real Emerson, who forces her to do things she's never imagined, including facing a past she thought she'd buried. A guy who just might leave her wanting more. *Wild* Sophie Jordan, 2014-11-18 A good girl goes fabulously bad in the final book in New York Times bestselling author Sophie Jordan's sexy New Adult romance series in which three Ivy League suite mates seek higher knowledge of just how far they can go. Months after her boyfriend dumped her, Georgia can still hear the insults he hurled at her. Boring. Predictable. Tame. Tired of feeling bad, she's ready to change her image and go a little wild. What better way to prove her ex wrong than a hot night of sexual adventure at the secret campus kink club? In the shadowy den of the kink club, she unexpectedly runs into Logan Mulvaney, her friend's little brother. A player extraordinaire, too hot for his own good, he may be younger, but the guy is light years ahead when it comes to sexual experience. Now he's telling her to go home: good girls don't belong here. Georgia is tired of having others define her. She's going to teach Logan a lesson he won't forget: one white-hot, mind-wrecking kiss that leads to another and another. And realizing she's way in over her head, Georgia runs. Only Logan won't let her go. Everywhere she goes, he's there, making her want every inch of him. Making her forget who she is. Who he is. And just how wrong they are for each other. *Tease (Part Two: Chapters 7 - 14)* Sophie Jordan, 2014-05-20 *Tease* Part Two Chapters 7-14 has descriptive copy which is not yet available from the Publisher. *Tease (Part One: Chapters 1 -*

Prequels, Coquels and Sequels in Contemporary Anglophone Fiction Armelle

Parey, 2018-09-03 This book offers to delineate a key phenomenon in contemporary Anglophone fiction novel expansion when the plot and characters from a finished novel are retrieved to be developed in new adventures set before after or during the narrative time of the source text If autographic and allographic sequels are almost as old as literature prequels that imagine the anteriority of a narrative and coquels that develop secondary characters in the same story time as the source text are more recent The overall trend for novel expansion spread in the mid 1980s and 1990s and has since shown no sign of abating This volume is organised following three types of relationships to the source texts even if these occasionally combine to produce a more complex structure This book comprises 11 essays preceded by an introduction that examine narrative

strategies aesthetic ethical and political tendencies underlying these novel expansions Following the overview provided in the introduction the reader will find case studies of prequels coquels and sequels before a final chapter that encompasses them all and more
