Forever fluid Hanneke Canters, Grace M. Jantzen, 2018-02-28 *Forever Fluid* is a rich feast of literary and philosophical insight It provides the first English commentary on Luce Irigaray s poetic text *Elemental Passions* setting it within its context within continental thought It explores Irigaray s images and intentions developing the gender drama that takes place within her book and draws the reader into the conversation in the text between I woman and you man But the book is also much more than this as it uses the exploration of sexual difference as a means to challenge the system of binary logic which has pervaded western thought since Aristotle It develops the exciting idea of a fluid logic which can move beyond oppositions to multiple subjects and creativity of thought and action While challenging Irigaray s refusal to move beyond sexual difference the book shows how her representation of sexual difference enables appreciation of difference of all kinds
