Besides the radio in his ear, what else is George wearing? (7)

Forty-seven pounds of handicap in a suit and bag, which was produced around George's neck.

What is the purpose of each of George's handicaps? (8-12)

The transmitter is to keep him from being smarter than others; the bag of handicap is to make him less athletic and physically capable than others.

What would be the penalty for George attempting to lighten the load of the handicap bag he is required to wear around his neck, by removing one or more lead ball bearings from it? (13)

Two years in prison and a \$1,000 fine for each ball removed from the bag.

What does George think of the handicapping system established by the government? (14-15)

George was toying with the vague notion that maybe dancers shouldn't be handicapped ... but then later he tells Hazel, "I'd mind us get away with it ... then other people'd get away with it—"
