PERSONAL NOTES:

- This activity was designed for middle classrooms; however, I believe it could be successfully used with grades 7-12, with some minor modifications.
- I believe it is critically that students should be exposed to primary source documents as much as possible. I plan to use this activity with my classes after I have taught them the basics of Article I and the Legislative Branch.
- This activity can be challenging, depending on the age and abilities of your students. I usually have my students do this activity with a partner, or groups of three. I try to pair stronger students with students with lower reading levels.
- I also turn it into a competition. Prizes can be whatever motivates your students. My students love extra credit, which I add on to their U.S. Government test.

In the summer of 2005 Pennsylvania state government revealed its seedy underbelly when the General Assembly gave itself and others an unconstitutional middle of the night pay raise In response the people of the Commonwealth awoke from a long slumber and rose up in defiance of the Political Class They made history and the reverberations are still being felt Things may never be the same again in the Keystone State Beneath the battles of right versus left liberal versus conservative and Republican versus Democrat the Establishment strained to maintain power and continuity Traditional political ideologies took a back seat as the very fabric of the Political Class was torn apart In 2005 2006 Pennsylvanians got a taste of what happens when the ivory towered crowd is running scared But what we read in the papers and see on television is never the whole story Follow the journey of one individual who just happened to get caught in the middle of it all and observed it from a unique perspective
