Drug Use for Grown-Ups Dr. Carl L. Hart, 2021-01-12 Hart's argument that we need to drastically revise our current view of illegal drugs is both powerful and timely when it comes to the legacy of this country's war on drugs we should all share his outrage The New York Times Book Review From one of the world's foremost experts on the subject a powerful argument that the greatest damage from drugs flows from their being illegal and a hopeful reckoning with the possibility of their use as part of a responsible and happy life Dr Carl L Hart Ziff Professor at Columbia University and former chair of the Department of Psychology is one of the world's preeminent experts on the effects of so called recreational drugs on the human mind and body Dr Hart is open about the fact that he uses drugs himself in a happy balance with the rest of his full and productive life as a researcher and professor husband father and friend In *Drug Use for Grown Ups* he draws on decades of research and his own personal experience to argue definitively that the criminalization and demonization of drug use not drugs themselves have been a tremendous scourge on America not least in reinforcing this country's enduring structural racism Dr Hart did not always have this view He came of age in one of Miami's most troubled neighborhoods at a time when many ills were being laid at the door of crack cocaine His initial work as a researcher was aimed at proving that drug use caused bad outcomes But one problem kept cropping up the evidence from his research did not support his hypothesis From inside the massively well funded research arm of the American war on drugs he saw how the facts did not support the ideology The truth was dismissed and distorted in order to keep fear and outrage stoked the funds rolling in and Black and brown bodies behind bars *Drug Use for Grown Ups* will be controversial to be sure the propaganda war Dr Hart argues has been tremendously effective Imagine if the only subject of any discussion about driving automobiles was fatal car crashes *Drug Use for Grown Ups* offers a radically different vision when used responsibly drugs can enrich and enhance our lives We have a long way to go but the vital conversation this book will generate is an extraordinarily important step

Introduction to Criminology Pamela J. Schram, Stephen G. Tibbetts, 2017-02-13 Introduction to Criminology Why Do They Do It Second Edition by Pamela J Schram Stephen G Tibbetts offers a contemporary and integrated discussion of the key theories that help us understand crime in the 21st century With a focus on why offenders commit crimes this bestseller skillfully engages students with real world cases and examples to help students explore the fundamentals of criminology To better align with how instructors actually teach this course coverage of violent and property crimes has been integrated into the theory chapters so students can clearly understand the application of theory to criminal behavior Unlike other introductory criminology textbooks the Second Edition discusses issues of diversity in each chapter and covers many contemporary topics that are not well represented in other texts such as feminist criminology cybercrime hate crimes white collar crime homeland security and identity theft Transnational comparisons regarding crime rates and the methods other countries use to deal with crime make this edition the most universal to date and a perfect companion for those wanting to learn about criminology in context

The Opening of American Law Herbert Hovenkamp, 2014-09-22 Two Victorian Era intellectual movements changed the course of American legal thought Darwinian natural selection and marginalist economics The two movements rested on fundamentally inconsistent premises Darwinism emphasized instinct random selection and determinism marginalism emphasized rational choice American legal theory managed to accommodate both although to different degrees in different disciplines The two movements also developed mutually exclusive scientific methodologies Darwinism emphasizing external indicators of welfare such as productivity education or health while marginalists emphasized market choice Historians have generally exaggerated the role of Darwinism in American legal thought while understating the role of marginalist economics This book explores these issues in several legal disciplines and time periods including Progressive Era redistributive policies American common law public law and laws regarding corporations and competition One is Progressive Era movements for redistributive policies about taxation and public goods Darwinian science also dominated the law of race relations while criminal law reflected an inconsistent mixture of Darwinian and marginalist incentive based theories The

common law including family law contract property and tort moved from emphasis on correction of past harms to management of ongoing risk and relationship A chapter on Legal Realism emphasizes the Realists indebtedness to institutional economics a movement that powerfully influenced American legal theory long after it fell out of favor with economists Five chapters on the corporation innovation and competition policy show how marginalist economics transformed business policy The ironic exception was patent law which developed in relative insulation from economic concerns about innovation policy The book concludes with three chapters on public law emphasizing the role of institutionalist economics in policy making during and after the New Deal A lengthy epilogue then explores the variety of postwar attempts to reconstruct a defensible and more market oriented rule of law after the decline of Legal Realism and the New Deal

The Candidate's Dilemma Elisabeth A. Kramer, 2022-06-15 In The Candidate's Dilemma Elisabeth Kramer tells the story of how three political candidates in Indonesia made decisions to resist engage in or otherwise incorporate money politics into their electioneering strategies over the course of their campaigns As they campaign candidates encounter pressure from the institutional rules that guide elections political parties and voters and must also negotiate complex social relationships to remain competitive For anticorruption candidates this context presents additional challenges for building and maintaining their identities Some of these candidates establish their campaign parameters early and are able to stay their course For others the campaign trail results in an avalanche of compromises each one eating away at their sense of what constitutes moral and acceptable behavior The Candidate's Dilemma delves into the lived experiences of candidates to offer a nuanced study of how the political and personal intersect when it comes to money politics anticorruptionism and electoral campaigning in Indonesia
