Guide Michigan Voter:

Michigan ,1998 **Great Lakes Guide** ,1995 *The Values Campaign?* John C. Green,Mark J. Rozell,Clyde Wilcox,2006-08-17 The Christian Right never ceases to surprise professional observers of American politics With the Christian coalition in disarray many expected that the movement would play less of a role in the 2004 elections But when exit polls reported that moral values were the most commonly cited reason for presidential vote choice pundits immediately proclaimed the importance of the values vote Yet the role of the Christian Right of statewide referenda on same sex marriage and of religious mobilization remained the subject of debate The Values Campaign The Christian Right and the 2004 Elections reaches well beyond the instant analyses of the post election period to provide an assessment of the role of the religious right in 2004 The contributors to this volume are among the leading scholars of religion and politics in the United States and many have contributed for over a decade to ongoing discussions of the role played by the religious right in national elections The authors consider national mobilization and issues and also explore the role of the Christian Right in specific states Their evaluations contend that the values campaign was not an aberration but a consistent pattern of national politics and that moral traditionalism will likely continue to be a significant factor in future elections A timely study of the 2004 elections this volume will appeal to scholars and observers of electoral politics state politics and religion and politics

Voters and Voting Jocelyn Evans,2004-01-31 An accessible textbook that provides an overview of the historical origins and development of voting theory this guide explores theories of voting and electoral behaviour at a level suitable for college students *The United States Catalog* ,1903 **God at the Grass Roots** Mark J. Michigan Voters' Guide 1994 General Election Michigan Family Forum,1994 **Epic Journey** James W. Ceaser,2011-03-16 Noted campaign scholars James W Ceaser Andrew E Busch and John J Pitney Jr take readers along on the longest most expensive and in many ways most dramatic presidential campaign in American history Drawing on their extensive knowledge of political history and deep resources of current political science the authors capture the astonishing twists of fate uncanny detours and remarkable surprises that made the 2008 election truly historic With President George W Bush s approval ratings at record lows the 2008 election was a contest that Democrats were predicted to win And with Barack Obama s victory over John McCain they did But it was the highly unlikely journey to this likely destination that set this presidential election apart from others As they have every four years since 1992 James W Ceaser and Andrew E Busch once again provide the most comprehensive and authoritative account of the presidential election Joined on this book by John J Pitney Jr the authors chronicle the epic journey culminating in the election of the first African American president of a group of extraordinary candidates and a nation Epic Journey Authors Blog www.epicjourney2008.com God at the Grassroots 2016 Mark J. Rozell,Clyde Wilcox,2017-11-02 In God at the Grassroots 2016 The Christian Right in American

Politics a distinguished group of political scientists many of whom have been studying the Christian Right for more than two decades assess the 2016 elections from the standpoint of religious conservative activism These elections more than any that they have analyzed best tell the story of the resilience of this movement and its enduring importance The contributors address the evolution of the religious right movement for more than two decades and focus primarily on the movement's role in the 2016 elections The first section examines the broader national context with chapters on the Republican nomination campaign the general election and the relationship between the religious right and the tea party The second section comprises state specific chapters focusing primarily on the crucial states in the 2016 presidential contest They conclude with lessons learned from the studies of the religious right in the elections from 1994 through 2016 and address directions for continued research on the subject Contributions by Joseph Cella Kimberly H Conger Matthew Corrigan Paul A Djupe Christopher P Gilbert James L Guth Donna R Hoffman Ted G Jelen Alexander Jensen Christopher W Larimer Mikael Pelz Sucheta Pyakuryal Carin Robinson Mark J Rozell Corwin E Smidt Oran P Smith Kenneth D Wald Clyde Wilcox and Abigail Zofchak **Voter Registration and List Maintenance (continued)** United States.
