Environmental History of Modern Migrations Marco Armiero,Richard Tucker,2017-05-12 In the age of climate change the possibility that dramatic environmental transformations might cause the dislocation of millions of people has become not only a matter for scientific speculation or science fiction narratives but the object of strategic planning and military analysis Environmental History of Modern Migrations offers a worldwide perspective on the history of migrations throughout the nineteenth and twentieth centuries and provides an opportunity to reflect on the global ecological transformations and developments which have occurred throughout the last few centuries With a primary focus on the environment migration nexus this book advocates that global environmental changes are not distinct from global social transformations Instead it offers a progressive method of combining environmental and social history which manages to both encompass and transcend current approaches to environmental justice issues This edited collection will be of great interest to students and practitioners of environmental history and migration studies as well as those with an interest in history and sociology Discrepant Parallels Gillian Roberts,2015-05-01 The 49th parallel has long held a symbolic importance to Canadian cultural nationalists as a strong though permeable border But in contemporary Canadian culture the border has multiple meanings and imbalances of cultural power occur both across the Canada US border as well as within Canada Discrepant Parallels examines divergent relationships to and investments in the Canada US border in a variety of media such as travel writing fiction poetry drama and television Tracing cultural production in Canada since the 1980s through the periods of FTA and NAFTA negotiations and into the current post 9 11 context Gillian Roberts grapples with the border s changing relevance to Canadian nationalist Indigenous African Canadian and Latin American perspectives Drawing on Kant and Derrida she theorizes the 49th parallel to account for the imbalance of cultural political and economic power between the two countries as well as the current challenges to dominant definitions of Canadianness Focusing on a border that is often overshadowed by the contentious US Mexico divide Discrepant Parallels analyzes the desire to establish Canadian

American sameness and difference from a multitude of perspectives as well as its implications for how Canada is represented within and outside its national borders **The Bookman** ,1903 **Lewis and Clark Road Trips: Exploring the Trail Across America** Kira Gale,2006 Library Work Cumulated ,1912 **Library Work** ,1912 *Library Work Cumulated, 1905-1911* Anna Lorraine Guthrie,1912 *Research in Education* ,1970 *The Publishers' Circular and Booksellers' Record of British and Foreign Literature* ,1891 The Record of News, History and Literature ,1863 **Guiding Modern Girls** Kristine Alexander,2017-11-15 Across the British Empire and the world the 1920s and 1930s were a time of unprecedented social and cultural change Girls and young women were at the heart of many of these shifts which included the aftermath of the First World War the enfranchisement of women and the rise of the flapper or Modern Girl Out of this milieu the Girl Guide movement emerged as a response to popular concerns about age gender race class and social instability The British based Guide movement attracted more than a million members in over forty countries during the interwar years Its success however was neither simple nor straightforward Using an innovative multi sited approach Kristine Alexander digs deeper to analyze the ways in which Guiding sought to mold young people in England Canada and India She weaves together a fascinating account that connects the histories of girlhood internationalism and empire while asking how girls and young women understood and responded to Guiding s attempts to lead them toward a service oriented useful feminine future
